NO. 1

To Our Patrons And Friends

Once more we are able to speak to our friends through the medium of a Local Paper.—We hail the privilege with delight.

In this busy work-a-day life, we cannot always meet our friends in person, so that the advent of a Local Paper is one to be looked forward upon as a great event to MERCHANT and CUSTOMER alike, and as a means by which we may be brought more closely together.

We wish to thank our Customers very heartily for the very liberal patronage given us in the past and we trust that our efforts to render efficient and courteous service has to some degree compensated our Friends for the patronage with which they have favored us.

We humbly solicit a SHARE of your patronage in the future, and feel that we are more prepared to meet your demands this season than ever before, as our stock is fairly complete in all lines and notwithstanding the INCREASED WHOLESALE PRICES on a great many lines, as a result of the War, we have kept to the OLD PRICES, except on those lines which have lately compelled us to advance.

It is our desire to make this space profitable to you, as well as ourselves, and would therefore request that you keep your EYE OPEN FOR THE BARGAINS we intend to present to you from week to week.

Again thanking our friends for all past favors, and soliciting a continuance of the same.

I remain yours for 1915 Slogan,

AS IT IS IN BASHAW

A Flurry Around Town

(From Last week)

Where have they stay.

The new garage which is being erected by Mr. E. Bashaw will be completed in a few days, and will be a credit to our town. This building will be leased by W. R. Williams.

Mr. Fleming of Canmore was in town on Thursday, April 22nd.

E. Bashaw was a business visitor to the city of Three Hills a few days this week.

E. Jacobs was in our town on Monday, April 27th, on business.

Ben Higgins from Princeton was a caller in town on Tuesday, April 27th.

A public dance will be held in the Lyric Hall on Friday May 7th. A good time is in store for all those who attend.

P. H. Thilman of Stettin was in town on Saturday, April 25th.

Mr. and Mrs. J. Rogers spent Sunday April 26th in Lacanville.

It pays to advertise.

Bashaw should be noted for its number of cars.

Be sure that you read all the ads in this paper each week, as you will save money by doing.

If you are a business man of the village of Bashaw, and your ad does not appear in this paper, you should attend to the matter.

The Rev. Morgan of Stettin preached the evening service in the English church on Sunday evening last. His appointment was temporarily filled by the Rev. M. W. Holman.

Mrs. Garrett and family left town on Wednesday to join her husband who held the Star.

The Ladies Aid met in the Methodist church on Thursday evening when they were entertained by Mrs. Bailey and Mrs. Hatfield.

J. A. Milligan and family left on Saturday. Mr. Milligan is transferring the farm business as indoor work was playing havoc with his constitution.

A new fire chief will have to be appointed in the place of J. A. Milligan. This ought to be done without delay as a brigade without a chief is often very ineffective.

Arbor Day Observance Should Be General

Arbor Day is not observed in Canada to the extent which its importance warrants.

The people of Canada must ever keep in mind their dependence upon her forests. With large areas suitable only for forestry purposes, it is essential should that the value of trees and their protection should be thoroughly impressed upon Canadians.

While Arbor Day is observed in the rural schools, and in some city schools, its recognition by the general public is not as general as it should be.

In the province of Alberta, Arbor Day is a public holiday. It is very generally observed by the towns and school districts for the planting of trees and flowers. More generally public recognition should be given to Arbor Day, and the planting of and protection of shade trees, the

To Everyone

With this, the initial issue of "The Bashaw Star", we enter upon the records of Central Alberta, a newspaper which we hope, with the assistance of Bashaw citizens and residents of the adjoining district, will uphold the standard set by the numerous periodicals through our fair province. Bashaw is a town of opportunity, as is evidenced by the fact of our locating here, and there is no doubt in our mind as to the quality and quantity of the support that will be accorded us. It is our intention to give our town and district all the publicity possible and with the assurance of hearty co-operation the boosting of the district will be an easy matter. We need your help and invite you to call at your earliest opportunity and become acquainted. In conclusion we would say that we are here to stay and while we will do our utmost to give you a live money sheet, we crave your indulgence while we are feeling our way into the business life of the community.

And It Worked

The following is from an exchange: "There was an old man and he had a wooden leg; he had no money and he wouldn't beg; he had a piece of pipe and a twelve inch board, says he to himself, 'I'll make me a Ford.'"

A gallon of gas and a quart of oil; a pool of barbed wire to make a coal. Four big specks and an old milk can, he hammered together and the darn thing ran.

Our Town

Bashaw is located in the centre of this province known as Central Alberta, and is situated on the Calgary-Edmonton line of the Grand Trunk Pacific Railway, about half way between the Capital of our fair Province and the city of Calgary. We have an ideal market for all kinds of cattle, hogs, and dairy products. This town has all the advantages of any western town, and the most up-to-date business men to be found anywhere.

School Concert

On Friday evening, April 23rd, a very large crowd attended the concert given by the children of the Bashaw Public School in aid of the Belgian fund, in the Lyric Hall.

The program consisted of musical selections, dialogues, and many other items of interest.

The teachers are to be congratulated on the manner in which the children were trained, great credit is due to the children who took part in the entertainment.

Mr. Whitty acted very ably as chairman.

The Manufacture of Shrapnel Shells

Workmen Employed in 1914 Has Been

Shrapnel production during the war was a most interesting and important industry. It was a process which required the use of many different machines and tools, and the workmen who operated them were highly skilled and experienced. The process of manufacturing shrapnel shells was a complex one, involving the casting of the shell, the insertion of the fuse, and the packing of the shell with the explosive material. The workmen who were employed in this industry were highly skilled and experienced, and they were able to produce shrapnel shells in large quantities.

Local News

We notice that J. Schell is again in charge of the post hall.

Mr. and Mrs. A. E. Mann and P. C. Temple of Alton, were in town on Sunday.

Wm. Schlegel was a visitor to Camrose over Sunday.

J. C. Brady was a visitor over on Sunday.

W. E. Williams was a visitor in Alton on the latter part of the week.

James Cummings, our local electrician, was a business visitor to Edmonton last week.

W. W. Wells is suffering with his knee, attributed to injuries received while playing hockey last winter.

Mr. and Mrs. Bullock of Victoria arrived in Bashaw on Saturday, May 1st, and are spending a few days with their daughter, Mrs. Hupman.

It is pleasing to note that Mrs. Florence Whitley, only daughter of Mr. and Mrs. J. A. Whitley, has completely recovered from her recent illness and is able to be around once more.

As a fitting opening to his new farm, J. W. Wilson, who gave a dance last Tuesday evening, April 29th, The weather, which was of a blustering nature during the day, did not in any way affect the attendance. The dance was kept up until the early hours of the morning and everyone had a good time. A few of the townspeople were present on this occasion.

Dr. W. Curtis paid a second visit to the school on Wednesday morning, May 1st, to see the new school building.

Mr. and Mrs. Dault moved last week into their new home, which was recently purchased from L. E. Schwartz.

Miss E. M. Lawrence returned home on Friday afternoon from a short visit to Mr. and Mrs. Hildan of Mirror.

A meeting of the vestry was held in the English Church on Monday morning, May 1st, at which the Rev. Mr. W. H. Dicksen arrived a short time previous to their marriage from Red Deer.

We are sorry to note that Miss Betty Pranson has been suffering for the past few days with tonsillitis. We hope she may soon be normal again.

Mr. and Mrs. W. W. Scott left for Monday for an extended trip through Eastern Canada and the United States. We join in wishing them a most enjoyable trip and a safe return.

Clean Up Time

The woman who believes in the old adage, "cleanliness is next to godliness," will view with favor any effort for a general clean-up about town. The lack of religious conviction to the cleaning up campaign does not, however, the whys.

FROM LAST WEEK

R. Andrews, editor of The Free Press, Alton, was in town on Tuesday.

D. W. Dault of Calgary, was in town on Tuesday on business.

P. J. Nadon took a trip to Edmonton on Wednesday last week.

P. J. has been in the city for a couple of days and he made the trip to see how the place was progressing.

We notice in the current issue of the Alberta Gazette, the circulation of partnership water from Dr. and J. E. Peterson. We have all occasion to carry out the business in the same place.

J. Miller, a former townman of one who lately joined the forces in Edmonton, spent a couple of days at home early last week. James looks fine in his pigments and expects to be around at any time for some time.

A large engagement of Bashaw's was received by the secretary of the Extension of Settlement Club. These look very interesting reading and contain numerous pictures of the district. These articles to present you free of cost can have them on application to the secretary.

Two more were up for donation by the local justice on Friday afternoon last. Mr. Dault of Manford school district was commenced to show good cause and reason why his children could not attend school regularly. He was fined \$45 and costs.

In the case of Anderson vs. Jones, the judge ruled in favor of the plaintiff. The case was a very dilapidated condition. It appears that Anderson allowed many others to use a right of way through his property and prevented Jones from doing the same with the result that he was fined and Anderson's free made the acquaintance of a lawyer club. We wonder if any judgment exists between these two parties as another case is pending against Anderson's son for stealing barley.

R. P. Brooks of Calgary arrived in town last week. Mr. Brooks is well known to many of our citizens.

Last week Mr. N. E. Lodge moved purchased the Bashaw meat market from Mr. Williams. Mr. J. Hale is engaged as manager. We join in wishing Mr. Lodge good success in his new business.

Next week we will publish a complete market report.

Ed. Garfield says Italy will be soon upon Austria on or before May 1st. It seems to be expected on all sides that Italy is going to get the two Italian provinces of Austria, either as the price of peace or the price of war.

To surrender them and hand over what Serbia demands would leave Austria with a weak Italy. The only possibility is that Italy will have to fight for them—Edmonton Bulletin.

This is the first world-war in which Canada have stood as an Imperial force. Ypres was the first battle in which they took part. The name will be recorded in Canadian history as the beginning of a new era.

Letters To The Editor

Bashaw, Alta., April 29th, 1915.

Editor: The Bashaw Star.

Dear Sir: Time for cleaning out streets and back yards, etc. Citizens should get to work and have a clean place. They should have considerable time to do so.

One of our citizens, one of our streets for accumulation of our citizens during the last winter in the spring that should be lifted and piled some place and so on.

The council get financially able they could be used for sanitary, but the planks are needed for that purpose. Let us as citizens work together with the council in a clean and progressive town.

Yours truly, A. G. Galt.

Years ago, Buffalo Lake, a beautiful, deep body of water, with good fishing, many fish, and long and light with, contained only a few minutes walk from Bashaw. It stands as a beautiful and fishing spot to many people.

Ducks, geese, and other birds, are plentiful, and we have an occasional opportunity of shooting a waterfowl.

Edmonton, Alberta, March 28th, 1915

The Review & Council, City of Bashaw, Alberta.

Resolved: That we report that we have completed the audit of accounts up to 31st December 1914 and append hereto the following annual statement for the year 1914.

Receipts and disbursements.

Verified Balance Sheet.

Revenue Account for 1914.

Statement of Taxes 1914.

Statement of Disbursements 1914.

We are sorry that there has been so much delay in the carrying out of this audit but this has been made possible by the obtaining of the information necessary to complete the same.

The statements are prepared in accordance with the requirements of the law, with the exception, however, of the accurate liability of the Village in respect of School Taxes.

Both in regard to accurate and also the amount of current taxes actually levied for school purposes.

In the last part no separate extension of school taxes was made and no separation of arrears has been made to define the accurate standing of school taxes.

In the absence of this information we have taken the figures of the School District registration and the payment made to the District in producing the liability of the Village to the District.

This is not sufficiently in accordance with the "Act" and if the School District makes further claim it may be necessary to go into the matter more fully later, but the School district may be inclined to waive any claim they may have in view of the difficulties presented by the same.

With this exception all our requirements as Auditors have been completed.

The expenditures for the past year appear to be suitably covered for and legally authorized.

Our outstanding balance at 31st December 1914 is very heavy and every effort should be made to reduce them.

Around Town

Mr. James Rivers, our hotel
postmaster, was a victor in Allx on
Monday.

Mr. and Mrs. Kennedy, formerly
of this place, now of Huxley, spent
the latter part of the week visiting
Mr. W. F. Wright.

Owing to the conditions of the
weather on Monday afternoon the
Cassiope football boys failed to turn
up.

Mr. and Mrs. J. H. Miller and
daughter of Epps, Columbia County,
Pa., arrived in town on Saturday
evening, on a visit to his brother
Mr. D. E. Miller of our town.

Mr. Miller is highly pleased with
our town and district.

The printers "devil" was a visit-
or to Mirror on Saturday.

Andrew Williams who has been
spending the past few days in our
city, returned to Edmonton on
Tuesday evening.

Kindly ads. in this paper.

G. C. Webb was a guest of Huxley
friends over the holiday.

KITCHENER CRITICISM

It is a long way from Canada
to Great Britain and the average
Canadian is not so closely con-
versant with the new and surpris-
ing political situation over there as
to be able to intelligently grasp it
all, much less criticize. One phase
of it, however, is so startling, that
it takes one's breath. That is the
short space of nine months in
considerable portion of the Brit-
ish people could have turned from
hero-worshipping Lord Kitchener
to adversely criticizing him is al-
most unbelievable.

But after all it is not really sur-
prising criticism. The war secre-
tary's enemies charge him with
nothing worse than trying to do
two men's work and not being
able to get it all done on time.
And inasmuch as there does not
seem to have been anyone else as
qualified or free at the time to
share the responsibility thrust
upon Lord Kitchener, the critics
might better change their tune and
give thanks that the war secretary
has been able to accomplish as
much in the short time he has
been on the job.

A characteristic of the Britisher
is his tendency to criticize and
grumble at what his statesmen do
or do not do for him. It has al-
ways been and always will be, ap-
parently, that Great Britain fails to
arouse to big emergencies until
there comes a great shock. It was
that way in the Boer war and is
seemingly so now. What the shock
would have been in the present
war had it not been that Kitchener,
Churchill, Lloyd George and a few
others, alive to the danger, labored
night and day to minimize it,
one wonders to contemplate.

Today the country seems to
have wakened up. A coalition
government is one of the first in-
dications of the awakening. Dead-
wood will be cast aside and live
men—the best available from all
quarters—are to be put in com-
mand. The people are aware of
the fact that the Empire has a big
job on its hands and are deter-
mined they must see it through.

Criticizing Kitchener is merely a
stage in the awakening process.
Pretty soon Great Britain will be
too busy helping its leaders to
even think about criticizing them.

Town Notes

Our local lawyer, Mr. Robert H. Philip has moved his place of abode, and is now located in the Bashaw block on the corner of Main Street.

Rev. and Mrs. R. Chagnon, an Edmonton visitor, this week.

Mr. and Mrs. J. Miller and Miss B. Miller, left on Monday's train for Esip, Prince Rupert, after spending a short vacation with relatives in Bashaw. They were greatly impressed with the Bashaw district.

E. E. Crampton, and J. E. Crampton, returned to Esip, with N. J. Holt on Friday the 29th inst. and the celebration held thereon that date.

A special meeting of the W. C. T. U. was held in the Methodist Church Monday the 31st. A big attendance of ladies was registered.

A meeting of the Ladies Aid, was held in the Methodist Church, on Thursday evening. After the conclusion of the meeting, the ladies went to the Red Cross meeting, in the Lyric Hall.

No morning service will be held in the Methodist Church on Sunday morning. Mr. N. E. Ledgerwood will occupy the pulpit at 8:30 p.m.

E. Brown returned on Tuesday afternoon, after spending the last three weeks in Edmonton.

E. L. Bashaw of Edmonton is in town this week.

H. Akerman returned on Thursday after spending the past week in Winnipeg.

Red X Notes

On Thursday afternoon of last week, a large crowd attended the social afternoon, given by the local branch of the Red Cross Society. The afternoon program consisted of games, songs, and musical selections, after which, a dainty lunch was served to the ladies.

Postponed

Thursday June 3rd, was the celebration day set by the local Red Cross, but owing to rain, no personal songs, in charge decided to postpone the events for the present.

The dance was held in the Lyric Hall in the evening and all report fine time. This was a most enjoyable evening to a memorable day.

Some Pitcher

The following is clipped from the Saskatoon Plains for Tuesday: T. Brady, a new twiler in the league started the game for the Catholics, but four hits and five runs in the two innings were enough, and Mallett took his place on the mound, finally showed lots of steam, but there was nothing on it but the curve.

Local

A picnic will be held on Friday June 18th, at the farm of Mr. L. Wilson, under the auspices of the Wild Rose Club. The afternoon will be spent in outdoor sports of every description, and a three act comic play "The Bachelor's Elegance" will be staged in the evening, after which will follow a grand dance.

Be sure that you attend.

T. Brady left on Thursday evening for Saskatoon, where he has secured a job as pitcher on a ball team of that city.

Mr. and Mrs. J. M. Wright, who have been visiting Mr. Williams for a few days, returned home Friday June 4th.

The postponed celebration of the King's Birthday, will be held on Thursday June 10th. The afternoon will be spent in baseball, football, and numerous other outdoor games. A big dance will be held in the Lyric Hall in the evening.

T. M. Brown returned on Thursday from Wetaskiwin. While in that city he purchased a large number of bees.

Constatius (our correspondent) says that conditions in America are a "perfect hell"!! Then it must be that over there "Mutt" appeared again.

The printers devil has a receipt book Monday evening. Please forward return to this office.

Fire In The Post Office

One of the cool mornings last week, some of our most progressive farmers were driving into town when they noticed a bright fire in the post office. Hurrying their teams up to the office, they rushed right in and gathered around the stove and warmed up by a bright, cheerful fire, our manager had just started with "Black Diamond" coal.

After they had thawed out sufficiently, they went out into the yard and loaded their wagons with our "Dear Friend" cedar post, as I returned home none the worse for the exciting incident.

Since the season has opened this office has become the headquarters for posts; while the C. R. post office continue to look after our postal affairs.

The post we are handling are all large, even cedar post cut from the very best of live timber, from Native tracts in B. C., and every post stands for quality. Any one contemplating fencing this year will be well remunerated by calling on our manager and talking over your fence trouble with him, getting our prices, and looking these posts over before buying Imperial Lumber Co. Ltd. Bashaw.

Sad

Something seems to have gone wrong with our dog children, as during the past week no less than two have gone to the land of "Silk and Honey". We are pleased to report that Mr. B. R. Zechary's dog has recovered from its recent illness, and is able to be around again.

Mr. A. J. Frank's dog was killed by a car, on Sunday evening.

Mr. H. Meier's dog was drowned in the lake, while taking a bath, last last week.

The owners of this live stock are mourning their loss.

Every time I come to town The dogs start kicking up a row! It makes no difference if he has a howl, They gotta stop kicking my dog about.

THE BASEBALL GAME

The game opened with Molasses at the stick and Smallpox catching. Cigar was in the box with plenty of smoke. Horn played first base and Fiddle on second base, with Corn in the field, made it hot for the umpire. Apple, who was rotten. Ace came to bat and chomped. Cigar let Brick walk, and Saw dust filled the bases. Song made a hit and twenty scored. Cigar went out and Balloon started to pitch, but went straight up. Then Cherry tref, but went wild. Old ice kept cool in the game until he was hit by a pitched ball, then you ought to have heard Ice Cream. Cabbage had a good head and kept quiet. Grass covered lots of ground and Crow cheered when Spider caught a fly. Bread loafed on third base and bumped Organ, who played a fast game and put out Lightning in the fifth inning. Wind began to blow about what he could do. Hammer began to knock and Trees began to leave. The way they roasted Peanuts was a fright. Kalle was put out for cutting first. Lightning finished pitching and put out six men. Trombone made a slide and Meat was put out on the plate. There was a lot of betting on the game, but Soap cleaned up. The score was 21. Door said if he had pitched he would have shut them out.

The new sidewalk leading from Main Street to the school has certainly proved a blessing already. During the past few days when rain has fallen almost incessantly, the children have been able to walk to the school safely. It is a pity that the school at the Council have power, in other words, a crossing in order to be made. Free Methodist Church

The Free Methodist of the Elbow District will hold a children's day service, in their Church, June 23rd, at 10:30 AM. A programme has been arranged all are invited to attend.

Conference Ended

Edmonton, June 2nd.—All Alberta Methodist conference closed a six days session here this afternoon. A report of the statistical committee showed the total membership in Alberta as 10,040, an increase of 464 over last year. The sum of \$25,500 was raised for all purposes, a decrease of \$77,145 over last year. Eighteen new churches and five new parsonages were erected during the year. The portion of the press in the province supporting prohibition was warmly commended by resolution.

In the case of Trinity Church, Calgary, one of the finest in the province which is making a strenuous effort to pay off its debt, the board agreed to pay the pastor's salary for a year.

Red Cross Ladies A Tip

From appeals recently issued by the local branch of our Red Cross Society it would seem that the Society is very much in need of funds.

Towards the cause the ladies have contributed more than liberally by giving their time and experience in knitting and other work. We have a suggestion to make ladies which we think will be heartily supported not only by our business men but by every member of the male sex who wishes either in the community or within a range of ten miles of the community.

What is wrong with motivation in (they are always forthcoming)? Only one subscription list has ever been brought before the Bashaw public for the benefit of the ladies. We refer to the one issued by the Union Bank of Canada. It is not with a hearty support (why shouldn't it?) and surely another one would not be out of place. It would be well received, we have completely misjudged the Bashaw public.

We mentioned this plan to you ladies, you give your time and experience, why shouldn't the male sex help you out by giving a little money? There are many men who would welcome the scheme and give liberally, so why not try it? It is a suggestion and we hope it will blossom and bear fruit.

Don't neglect your barn, which is the most important building on the place.

Of course you use paint on your house and out-buildings, and for the same reason you should use paint on your barn. Paint is not only essential to make buildings last longer but its most important use is on account of the protection it affords against the ravages of the weather.

A well painted barn will keep in good repair for a century while an unpainted, neglected building will go to pieces in a quarter of that time. Come and see to-day about special barn paints.

Rev. W. W. Alexander from Ponoka, gave a lantern lecture, on the war, Friday evening, which was greatly enjoyed by all those who turned out to the show. After the pictures, ice cream was sold resulting in the sum of \$15.00 being handed to the Reverend gentleman for the Church funds.

Mrs. Geo. F. Root gave a private dinner in the hall Wednesday evening last, in honor of her niece Miss E. Walcott. The invitation included a few who had hitherto been to shy to dance the light fantastic, but on this occasion through the kindly consideration of the hostess, found that every other dance had been reserved for beginners. This was great encouragement, and many took the opportunity to learn. A delectable lunch was served by Mrs. Root. The music was provided by Messrs Kallman and Tenis.

Messrs Bowman and Haglund were in Wetaskwin on business Wednesday and Thursday of last week.

Killed Instantly

Youn C McQuarrie aged 22, sorter in the Edmonton Post office, was shot accidentally and instantly killed at Cooking Lake yesterday afternoon at six o'clock.

With a friend, W. Schroter from the general delivery department, McQuarrie was spending some holidays at the lake.

Although details of the fatality were lacking last night, it appears that McQuarrie and Schroter were just getting in from a boat ride. In the bottom of the row boat McQuarrie had a shot gun. It was loaded and cocked. McQuarrie leaned over and pulled the gun toward him, gripping it by the barrel. The trigger caught on some projection in the bottom of the boat and the charge was exploded the entire charge struck the young man in the stomach and he was killed instantly.

News of the tragedy was telephoned in to the authorities here, by the dead man's companion. Coroner Forin was summoned and left last night to investigate the circumstances.

McQuarrie had worked in the local post office for the last three years, as sorter in the despatching department during that time. He was a general favorite and his fellow employees were shocked by the tragic news last night. He resided at Vermillion and first. An older brother of the dead man, now is a lieutenant with the 60th. battalion in England, Edna, Bellingham.

Second Semi-Annual Clearing Sale

In closing the year 1915, we conducted a Stock Clearing Sale, lasting about 20 days.

This sale proved to be of mutual advantage to our customers and ourselves, as it enabled us to clear out a great many Old Lines, as well as Seasonable Goods, and gave our Customers an opportunity of obtaining quality requirements at Greatly Reduced Prices.

The success of this Sale has caused us to decide on making this a Semi-Annual Event, so we therefore announce that on Monday, July 15th, we will open our Second Semi-Annual Sale, and will continue the Sale until Saturday, July 24th. Don't forget the dates.

Second Sale Bills for prices, or better still, come in and look over goods and prices together, and take advantage of the Savings to be effected in many lines.

Do It Now

The Department of Agriculture has advised the farmers of the province that in view of the large increase in the average yield to gain and the promising crop conditions, there is likely to be a very great demand this season for harvest help and as there are a large number of unemployed workmen in our cities at the present time, it would be well to encourage such help as may be afforded at the earliest possible moment. Hitherto it has been the policy of the railway companies to induce westward immigration for harvest help, but this year it may be assumed that no such movement will be possible, as conditions in the Eastern provinces are very similar to those in the West with very little or no immigration from Europe. At the present time there are a number of unemployed in Alberta. There are now however, over 100,000 men unemployed and recruiting is progressing slowly. Before harvest therefore, it is safe to conclude that upward of 50,000 more men will have been withdrawn. It is also expected that railway and municipal work will rapidly employ many of the present unemployed, so there is likely to be a scarcity of help for harvest work if arrangements are not made at once to secure the necessary assistance.

Tennis

Tennis commenced on Monday with Messrs. Schuch, Clegg, Whitey and Marshall with the requests. Brady was an interested spectator, and wondered how it was possible for anyone to miss such a thing as a large tennis ball with a miniature tennis racket. It's not the same as baseball Brady but to many enthusiasts of tennis it has baseball (in our slang phraseology) "shined a million ways." Tennis has been "inspired!" Hurrah!

Much serious damage has been done in many parts of the Province by the recent heavy rains which have caused floods and wash outs. The heaviest damage appears to be at Edmonton and Calgary, at Edmonton the entire flats were flooded on Sunday and Monday. Houses floated away and much damage done to industrial concerns located on the flat.

At Calgary the Centre Street bridge was swept away, one man being drowned. Combined with garden nearly lost his life, and much property near the Bow and Elbow rivers is damaged. At Okotoks the business portion of the town was flooded and the gas mains for Calgary were broken.

Sports

The date of the Bashaw sports has been changed from July 15 to July 16. The reason for changing the date was in consequence of the fact that the date of the C. P. R. Association special, conducted by the Department of Agriculture, has been changed from July 15 to July 16.

The Bashaw sports will be held on July 16, at the Grand Trunk Club, where a special car train carrying two teams of five hundred horses and cattle will arrive.

Base Ball

BASHAW VS. MIRROR.

Game Full of Interest and Errors.

Bashaw certainly met their Waterloo on Saturday afternoon when they played the Mirror in a friendly encounter on the local diamond. The game was full of interest and enthusiasm, but lacked that finish which is so necessary to carry victory.

When the ninth inning came Mirror had a nice comfortable lead of 16 runs to 9. Many excuses were put forward to show the reason of defeat, but in our opinion Bashaw was outplayed by a superior team. It is to be hoped that the next encounter will see Bashaw in better fighting attitude and no doubt.

What you think it would help wonderfully if the manager read over the rules of the game to the individual members of the team? They would benefit greatly by it.

Was it because several members of the team were at a dance the previous night that the game was thrown away? We don't think.

Again would it be so precious a few boys on the pitching staff? Sickness and accident will always happen to the best of pitchers, and under those circumstances we must come out to jump in and take the job. Bob Jarvis is a good pitcher but it is bad policy to work him too hard—the best of material will always give way under strain.

What is the matter with McKersher as a pitcher? Is the manager too modest to give him a trial?

Several of the team are over weight for baseball. A spout every night would put them in such condition that they would beat Billy Sunday's time for a round of the bases.

Norris still progresses. Brady has a nice swing; if he manages to "swat one" it travels, but he must be more lively on bases.

N. Jarvis on second is good. Lawrence is all right at shortstop. Jarvis on third is good, whilst the outfielders are good also.

The change in pitchers brought a number of hits for Mirror, but it wasn't exactly fair to Jarvis as he had no opportunity to get his arm muscles in proper working order.

Bashaw had next time boys, but we must be extra careful.

A mailed statement of the local Methodists and the Free Methodists who are camped just outside the town, will be held at the latter place of meeting on Monday evening, July 16th, come and join in the good work.

Mr. and Mrs. E. Gustafson have returned to our district, and are at present staying with Mr. and Mrs. K. K. Haglund. It is their intention to settle here.

Mr. J. Bohn is busy building out his new house.

Mr. Martin Berg from Calgary will give a lecture in the Hall on Saturday evening.

In a hotly contested game of football, Saturday evening last, on home ground, the Water Glen Tigers beat the Lethbridge by a score of 20-0. A return match will be played next Saturday at Lethbridge.

Mr. and Mrs. Bobby, Messrs. Dunsberry, Reilly and Bunsell were visitors to Mr. and Mrs. G. W. Hogg Sunday.

Two Church services were held on Sunday evening. Church of England in the School House and the Baptists in the Church.

A delightful card party was held in the Social and Educational Club room on Friday evening last. There was a large attendance owing to the roads and the liberality of the weather. A few friends from Lethbridge were present. Among those present were Mr. and Mrs. Frank M. Neff, Mrs. Gordon and Mrs. Lee.

Mr. Lee carried off both the Ladies prize. The Gent's prize fell to Chan. and Aug. Johnson.

Just listen to the Tigers war cry: Hay and straw pumpkins and squash the Water Glen Tigers do by gosh!

Kaiser Wap.

Perhaps you've heard the story that I'm about to tell. That the Kaiser lives in Germany you all know very well.

Well 'twas only just last Xmas that the Kaiser had a bunch. He thought he'd go to Paris and have a Parisian lunch.

For he was sick of Germany here. His Kaiser Knew so well, something good when a nation quakes. That in gay Paris he'd dwell.

But when he was all ready his journey for to go he thought he'd take some home along.

But the Belgians French said no. So then the Kaiser thought his power he would show. He'd shatter his inferior foe with one belated blow.

But that blew back the power that the Kaiser thought he had. And even to this very hour he's a disappointed lad.

He started up to Oshawa a little town in France, but he met some brave Canadians who fairly made him dance.

There's one more little item that I forgot to tell. If the Kaiser loves the Czar, I don't remember well.

For when he went to Russia that Country for to lose. The army of the Czar had fairly taken root.

And now at last he's dropped and baffled every way. His hopes of lunch have dropped, and his hate is turning grey.

Who Am I?

- 1—I was born of Hygiene; my heart is cruel—my eyes are blind to justice. I glory in lies. Individualism is my last friend.
- 2—I defend reason, but have no brains. I loved hatred, strife, and bitterness where peace and friendship should reign.
- 3—I say my brethren in many small towns, but never in large cities, and where we are there is always trouble.
- 4—I make a great noise but never tell the truth. My tongue is dipped in gall. I take much but give nothing in return but deception, fraud and falter.
- 5—When I speak, Fascination is glad, Oppression shouts for joy and Freedom weeps.
- 6—I feed upon false statistics, garmented by imagination and consumed with hypocrisy.
- 7—I cause bankruptcy and demand the obedience of others wherever I go.
- 8—I have turned ministers of the gospel from true laborers into the crooked paths of politics, greatly impairing their influence with the masses.
- 9—I weaken the weak and destroy the strong. I promote treachery with a policeman's club.
- 10—I revel in lies, hate, hypocrisy and petty intrigues. The best lawyer is my darling offspring. This is why I provoke him to the legitimate leveler.
- 11—I rob the provinces of revenue. I increase the tax. I deprive real estate owners of rents. I am a friend of the mail order business.
- 12—I AM THE PROPOSED LIQUOR ACT.

1st Flatoon 6th Battalion

Bashaw, July 18th 1915

The Editor, Bashaw Star

Dear Sir:

You will all remember we three boys who came to Edmonton to join the colors. We joined at about 10:30 a.m. but then we went to the doctor at 1:30 p.m. and passed straight.

I think the 99th is almost filled up now. We have as fine a lot of officers as any regiment in the country.

At present we are housed at the exhibition grounds just out of town. There are 16 platoons in the battalion.

We had a church service this morning at 10:30, 4 companies and officers attended (about 200 men in all).

I haven't much news so far, the weather has been very hot since we came up here. We will all be glad to see the 1st at exhibition time.

Yours sincerely

"P. J. M. Williams (Bill)

The result of the election on Wednesday appears to have been a very close one. The result in the riding places. We do not see the use of getting more about it.

According to the latest news received from Quarter Master West. W. H. Williams, will know in the old times of Bashaw district, who is at present in an English hospital, he will return to Canada in the near future as he is unfit for further service.

It is a short time that has no time.

Mrs. Jackson and family from Lethbridge and Mrs. Fode from Winnipeg, were visitors to Mr. and Mrs. Geo. F. Root, at the ranch the latter part of last week.

Mr. and Mrs. Geo. W. Rogers motored down to Lake View Ranch on Sunday to visit Mr. and Mrs. E. Boddy.

Mr. and Mrs. C. A. Johnson entertained Mr. and Mrs. John Boleh, Miss Jessie and Masters Peter and Norman visited with Mr. and Mrs. Fagen on Sunday last.

Mr. and Mrs. Geo. F. Root gave a little party on the evening of the 28th.

The football game between Water Glen and Louisville was postponed and will now take place Saturday evening on the occasion of her birthday.

One of our oldest timers was laid to rest in the River Cemetery on Friday last, in the presence of a large number of mourners. Deceased succumbed to cancer on Wednesday last, after about nine months sickness.

Mr. J. P. Kallman homesteaded in this district 22 years ago and it was greatly through his pioneering work in the early days that the prosperity of this settlement is due today.

Two married daughters Mrs. S. W. Lindstrom and Mrs. O. Johnson, and a married son August are left to mourn him, all are residing with their families in the Water Glen district.

Deceased was held in the highest esteem by everybody and as far as we know was without an enemy.

The deep sympathy of all goes out to those who are left behind.

Rural mail commenced Monday last.

Miss E. Wallott is to return, after the summer vacation and teach school south of Wetaskwin. This will be good news to the young people.

Mrs. E. Lustacon entertained a few friends Saturday evening, on the occasion of her birthday.

E. E. Foster manager of the Imperial lumber yard returned to town on Thursday after a month's trip on business. We are glad to see his smiling face in town again.

Some six weeks ago Mr. J. Ely started the erection of one of the finest residences in town, the building is now completed and is a credit to the builder and to the owner, Mr. B. Schultz.

This residence will be occupied by Mr. Charlsworth.

A Williams was in town a few days this week.

Dr. Francis informed us that his new residence will soon be completed, and that he intends moving to town in the near future.

A large number of Bashaw sports, intended being in attendance at the Edmonton Fair next week.

An accident which might have been attended by more serious results happened on Thursday morning of last week. Whilst Mrs. N. J. Holt was preparing to do a little washing, her little baby accidentally pulled the support—was all—down, and the hot water severely scalded the baby's back. The doctor was promptly in attendance and it is pleasing to record that the baby is well on its way to a complete recovery.

On Thursday evening a local lodge of I. O. O. F. was instituted by Mr. E. A. Cunningham Grand Master and M. J. A. Tully, special deputy of the Grand Lodge of Oddfellows of Alberta, assisted by the members of Altus lodge No. 24.

The young lodge started off with a membership of about twenty five, with good prospects of being among the leading lodges of Alberta.

At midnight a dainty lunch was served by the local branch of the Red Cross Society.

After the election and installation of officers, speeches were made by the Grand officers present, and by several of the members.

Base Ball

1 Thursday game in Mirer was very disappointing.

2 Ellis trimmed our team by 6 to 0.

3 There was no spectacular play to go away and bang about.

4 Where was Brady? was a question we were frequently asked. Our reply was "he was watching the game" fully answered the question, "why was he not playing?" we haven't the slightest idea. He ought to have lost himself.

5 The folding certainly was not "cheap." This in a measure accounted for the defeat.

6 Dear readers one and all, we pursue analyzing under the heading of "Base Ball Notes" the operation of J. C. Brady in last week's game, as it so vitally concerns baseball. Our object in doing so is simply because these notes written from time to time must have prompted him to write this article.

After reviewing this piece of correspondence the discussion is closed as far as we are concerned.

Paragraph 1 The appeal to the City was wholly unnecessary—we are well aware that he knows everything, so why drag such a hollowed name into an insignificant baseball wrangle.

"Sifting" it something, simply beyond our comprehension. We looked the word up in our various English dictionaries including one from the U. S. A. and failed to find it. The writers of English dictionaries have still something to learn.

The plurality of ideas lead us to suppose that the "hicking" (again we object to the term) is and has been done by a great number of people. We then, who have written these notes, cannot be so blame for making Jack a "hicker." Can we?

Paragraph 2 This paragraph does not sound exactly correct to our ears, though it cannot be correct when it appears in cold print. This is what is stated: "How can you blame the boys for not playing better ball—They know all they will get anyway" is a ranting from the crowd and \$2.00 or \$4.00 collection." Might we not read this something like the following "give us a bigger collection and we will play better ball" Surely, surely dollars is not the attraction to induce anyone to play baseball. It seems like this, but they possibly a different interpretation is meant.

Paragraph 3 - Collection - Could the collection not be dispersed with? If it couldn't then certainly, we would like to see the balance sheet of the picnic. Now this is not our own query, we have heard it asked time and time again—How did the boys come out on the picnic? This can well be answered by publishing the balance sheet, and it will settle once for all this vexed question.

We never publish anything of this nature unless we are sure of what we say. You never hear anything about them, but we do, that is why

we ask such questions in these columns.

Paragraph 4 This paragraph looks very fine in print, especially where we find the following "It would be a whole lot better if they would let the Manager and Captain who are doing the best they possibly can." Why was the Captain a spectator at the time in Mirer? A team without a Captain is like a ship without a rudder—Helpless, perfectly helpless.

To be a spectator at an important game as that which was fought last Thursday, is not following the golden rule "practice what you preach".

Paragraph 5 We allow in pass without criticism.

Paragraph 6 We are very much inclined to read this as an insult to Bob Jarvis. Bob has been sacrificing time and money to come and pitch for the town—few grants paid you and then we read "we will be pleased to supply another pitcher if some kind sport will stand the expense." So to insult to our mind in Jarvis, and such a thing could never to have been written. An apology to Jarvis we think is perfectly in order.

We have seen one member of the team at least, pitching some good balls but possibly he has gone from going "ball" in the pitching line. Did anyone ever see McKeever pitch a ball? If he cannot fling in a few hot ones in an emergency case we have missed our game. Mac we feel sure would not be such an expensive pitcher, would he? He plays for sport, but as Manager he is not enough to not to delegate to himself the position of pitcher, under such conditions.

Paragraph 7 We have the whole facts covering this incident in particular, but we have seen enough to refrain from publishing the same.

The fault lies with the Captain we say, and not with the would-be sports. (We strongly object to this term, as the followers of any baseball team have a right to be treated with respect) If the baseball practice were run along proper lines such incidents would never happen. A proper system is as essential to a baseball team as it is to a business man, therefore if you organize your practices along systematic lines there will be no cause to worry.

As we have stated above, this closes the discussion as far as we are concerned, anyone who wants to continue it is at liberty to do so, but wild horses would not drag us to any more than we have said.

Since penning the above paragraphs, we made it our business to enquire into the receipts and expenditures of the picnic. This is what we found—

Total receipts	\$145.55
" expenses	109.00

Married

On Wednesday, Aug. 14th, the Methodist church was the scene of a happy event when Mr. Charles Mader of Poncha district was united in matrimony to Miss Laura Knudsen of Danville.

The bride was really attracted to her groom with a white satin and shadow lace, wearing a veil with a small orange blossom. She was attended by her sister, Miss Louise Hart, who wore a white lace gown and carried a bouquet of white flowers.

(Upholders of the ceremony were Mr. and Mrs. Crawford, grand parents of the bride, and also a young lady, Rev. C. H. O'Connell officiated at the ceremony.

We extend our heartfelt congratulations to the couple, and wish the many years of happy and prosperous married life.

Local

Mr. and Mrs. W. F. Wright and daughter left on Saturday to spend a short vacation with Mr. and Mrs. Kennedy in Huxley.

Mr. and Mrs. J. E. Roberts and Mr. and Mrs. K. E. Leppert moved to Poncha on Sunday last.

Mr. and Mrs. W. V. Lawrence and daughter are the guests of Mr. and Mrs. A. M. Ross during the current week.

Miss Hoffman of Texas is visiting with Miss M. Ross this week.

Mrs. G. Harner spent last week at Huxley, and returned to town last Sunday evening.

August

Chances are that August will be a hot month. Nothing will be in order in all the lakes in Alberta. In this connection it will be noted that some of the lakes have their flow in. Western Canada every year and in nearly every case it is because the water is unable to drain. Aside from the question of safety of life, swimming is a fine beautiful exercise which every man, woman, boy and girl should indulge in.

If parents in this town cannot swim or do not care to go into the water they could not do better than to take their young boys and girls to the beach at Buffalo Lake and encourage them to learn how to swim. The next few weeks should see many people out to the lake.

The Town You Live In

Stand up for it. Think well of it. Speak in its favor. Encourage its industries. Patronize its merchants. Cheer every line enterprise. Welcome improvements of all kinds. Praise it and lead it with thrift to ease.

Before you buy that New RANGE this Summer

have a good look at the ZENITH MALLEABLE RANGE. You will find that it is made with triple walls, and adobe and that the four parts are MALLEABLE, and that means NON-BREAKABLE. The Zenith, you will find, is an all round range and has no holes to loosen and fall out.

It is plain finished and needs no decorating.

There are a few thousands of these ranges in use, and your neighbor may tell you how evenly they bake, and how easy they are to find.

We are putting on a special sale of Ranges for the next week, and would like every House-keeper to call and see this excellent value at 69.00 Regular Price 85.00.

 BASHAW, ALBERTA

Local

H. H. Zachary, the local food dealer, reports that during the past month Mr. J. B. Nefling and Messrs. Westworth Bros. were the purchasers of fuel cars.

A public meeting will be held in the Fire Hall Friday evening, for the purpose of arranging for the holding of a fair in Bashaw.

A. Williams of Edmonton was a Bashaw visitor the first part of this week.

I. L. Towner, well known to the citizens of Bashaw, has enlisted in the 51st Battalion at Calgary.

H. P. Breaks of Donahue was in town this week.

W. R. Williams was a Donahue visitor on Thursday of last week.

Bert Williams and wife were Donahue visitors last week.

Mr. and Mrs. L. Swartz were Canmore visitors over Sunday.

School opened on Monday last with a large attendance.

A lady, no matter where, went to a store for a pack of apples, taking what she supposed to be a newly laundered flour sack. She held the sack and the clerk poured the apples in, when they came streaming out the other end. On examination it was found there were two holes in the bottom, both trimmed and rubbered. The young man gave up the ghost and the lady sent a small boy for the apples with a basket.

B. E. Foster has moved to the residence formerly occupied by J. A. Charlesworth.

G. H. Stiles of Donahue was a Bashaw visitor on Monday.

A letter received here from a member of the second contingent says the infantry regiments of the second contingent are still in camp in and around Shorncliffe. They are getting it pretty heavy on the drill, and particularly on the route marching, doing their 15 or 20 miles a day with full kit.

They are allowed to make short visits to nearby places, such as Falkenstein. At this place one can even see a sample of soldier and sailor from all the armies and navies of the Allies.

All are quartered in huts or tents, and are ready and eager to get across the Channel for a try at the Germans.

Dr. W. C. Fawer has moved into his new residence on Williams St., last week.

Timothy's "Bibles"

Eaton's annual shipment of catalogues often referred to as "household Bibles" are arriving here in instalments. It is a disgrace to the farmers and citizens of Bashaw that so many of these so-called bibles are coming to this district.

Business Change

Last week Mr. Geo. F. Grant sold his lumber yard to Mr. N. W. Bond. Mr. Bond comes from Minot, North Dakota, and is an old lumber king. We join in wishing Mr. Bond much success.

We are pleased to note that Mr. Grant will remain in Bashaw, and continue the implement business.

I. S. Hatfield returned last week from a two weeks trip to the U. S. where he attended the funeral of his father.

The following residents of Bashaw visited Reddon Sands on Monday last: Mrs. Bettemunder, Mrs. Berger, Miss Berger, Mrs. Marshall, Miss Russell, Miss A. Nick, Mr. Marshall, Paul Russell, O. Whitley, Mr. and Mrs. L. Wilson and children and R. Lawrence.

An excellent time was had. Last week a gentleman called at our office and desired to see a paper published at a certain town. He wished to make some collections, and was after some attorneys advised. He found just one lawyer's name in the paper and gave him the business. Now there are just five attorneys in the place and of that number four were foolish and one was wise, he kept his name before the public.

We do not want to forget that Monday the 6th is Labor Day and a public holiday.

The editor and Mrs. Reddon were the guests of Mr. and Mrs. R. P. Bouda at Donalds on Wednesday and Thursday of this week.

WALL OF STEEL IN FRANCE

Not only have the French a super abundance of the famous "Sevigny Five Guns" but the batteries of quick firing guns have been a power invincible against German attacks, putting out death at the rate of 1000 per minute.

The weekly crop report of the Canadian Northern railway, which brings the situation up to last Saturday, shows that all through Southern and central Sask. attention anywhere from 75 to 100 per cent of the spring wheat had been cut at that date, with practically no frost damage. Threshing was expected to be general by this time.

Farther north where the crop is very heavy the advance is not so great but even in the very late districts 50 per cent was cut at the end of last week. Quite as much progress has been made farther west in Alberta. Edmonton and Vermilion report wheat nearly all in the stack, threshing about to start, and no damage from the light frost. In Calgary district all fall wheat and most of the spring wheat cut Saturday. Threshing is in full swing and conditions generally ideal.

Manitoba division except in western districts, report wheat cutting complete and a good start on oats. Along the international boundary the crop is the heaviest in 20 years. In the northern divisions, where there is a very heavy late crop, damage by frost has been considerable. At Dauphin, Man., about 80 per cent of frost on August 25th, will effect 25 per cent of the wheat and oat crops. Around Prince Albert heavy frost has done considerable damage to the crop on the low land, where perhaps 50 per cent will be affected. Section reports 15 per cent loss in the frost of Aug. 25, and all sections along the River subdivision suffering some or less severity. Edmonton and Minotoma district.

This, of course, represents but a trifling percentage of the total crop, and the outstanding feature of the report as a whole is the unanimity with which agents make reference on no frost at all. Generally speaking, the entire wheat crop is now safe.

WE BELONG

Is it ships? or houses? or men? Is it food? or guns? or gold? Take it Mother... and then

We are paying a debt today that dates from the days of old. Let Huns should bury the land, and England be bought and sold. Steady and staunch as steel, wise in a world gone wrong. We follow close at your heels. For We Belong!

The earth may be drenched in blood. And weary and sick with pain. And men be stamped in the mud. And death sweep down like a flood.

We are fighting with you today, for no material gain. Let distance blur the world, and the mad barbarian reign. Boldly with guns and gold, be the battle long and short.

The same as in days old Mother, ...for We Belong! We learned to walk at your knee; Shall we forsake your need? Whatever the issue, We are ready, over

Proud, and truly proud, that we are part of the British breed. Gold and guns shall be sent, horses and men shall bleed. Gold and ships are here, and a grin and goodly thing. And the way of the war is clear. Mother...for we belong.

London Magazine.

Gies. Huff was a visitor to Reddon Sands last Sunday.

Rev. and Mrs. Clegg made a trip to Reddon Sands on Sunday of this week.

Mrs. H. T. Andrew is holding a sale of her household effects on 14th of September, at her residence.

Threshing will be in full swing in the Bashaw district in about two weeks.

A LESSON FROM THE CLOCK

A CLOCK that strikes is better than a non-striking clock. It tells us the time through our ears as well as through our eyes. It saves our steps. It signals us on, runs us, speaks to us in the dark and from afar. It is useful far beyond the usefulness of the silent clock.

As with a business that advertises.

The shop or store that advertises its time and money, strikes its bell on the right time, saves its customers and saves its business.

We lay more from the result of advertising and we lay from advertisements.

To The Merchants of Bashaw

Put a better-than-still advertisement, an answer, a stimulant to your business. In other words—advertise. Right often and regularly by weekly advertisements in the BASHAW STAR.

Answer The Call of Advertising

Germany

The Minneapolis Journal has the following to say with regard to the sinking of the arctic. The opinion is held by all the leading newspapers of the United States and England, the opinion of the United States is public. Berlin.

By sinking the arctic without warning Germany has given the United States final notice of her determination to persist in the role of an arctic nation.

"Since Germany has decided to abandon the usage of civilization, she has decided to play the 'fighting' game," explained over the powerful rights of non-interference and neutrality, she must accept the logical conclusion.

She has become the enemy of all the world. She has united the civilized nations against her. Those that can fight her, will continue to do so. Those that can not, will continue to do so. Those that can not, will continue to do so. Those that can not, will continue to do so.

She has become the enemy of all the world. She has united the civilized nations against her. Those that can fight her, will continue to do so. Those that can not, will continue to do so. Those that can not, will continue to do so.

Before you buy that New RANGE this Summer

have a good look at the ZENITH MALLEABLE RANGE. You will find that it is made with triple walls and asbestos and that the iron parts are MALLEABLE and that it is UNBREAKABLE. The Zenith, you will notice, is an all riveted range and has no bolts to loosen and fall out. It is also trimmable and needs no blacking. There are a few thousands of these ranges in use, and some might say tell you how events this take, and how easy they are to find.

Mrs. H. T. Aslow was the recipient of a handsome cut glass vase, the gift of the Ladies' Guild of the English Church, on Wednesday last. Mrs. Aslow who has been the president of the guild since its inception has contributed very largely towards its success. The guild will feel the loss of such an earnest worker.

Yes, Where?

A tailor's sign in a little town was an apple—simply an apple. The people were amazed by it, and strangers were attracted by it. They came in crowds to the tailor, asking him what was the meaning of the sign. The tailor with a complacent smile said: "If it hadn't been for an apple where would the clothing business be today?"

Better Have Them Printed

The "Dairy Industry Act" which came into effect Sept. 1, 1914, says: "No person shall knowingly sell, offer, expose, or have in his or her possession for sale: any dairy butter, packed, moulded or cut into blocks, squares or prints and wrapped in parchment paper unless such a parchment paper is branded 'Dairy Butter'."

The War can now handle your requirements in this line. Wrappers neatly printed with your name and address; 250—42.00, 500—42.50, or 1000 for \$3.50. Plain wrappers without name and address, are 3¢ per pound. There are about 115 sheets to a pound.

Domestic cattle ranches upon cultivation of the land in each of three years. A homestead acre within nine miles of his home, and on a farm of at least 80 acres on certain conditions. A homestead is required except where ranching is permitted in the vicinity.

In certain districts a homestead of four standing may be procured at quarter-section alongside his homestead. Price \$10.00 per acre.

Domestic cattle ranches in each of three years after earning homestead patent; also after ranching cultivation. Pre-emption patent may be obtained on some homestead patent, on certain conditions.

A settler who has cultivated his homestead right to take a general homestead in certain districts. Price \$10.00 per acre. Duties: five sixths in each of three years, cultivate 50 acres and erect a house valued \$80.00.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for—\$4.00.

Advertising

It is not a fact of the world over that the extent and scale of a firm's advertising is taken as an indication of its importance? None less the best, largest and most successful firms advertise intelligently and continuously. Others may make a show, but they are not so successful in the long run. Co-Operation
Co-operative effort is needed among stockholders.

Time after time the St. George's has pointed out to the readers the value of home-keeping. It has done this with the hope of bringing down the number of orders being sent out for goods that could not just as well be made in the town. In every conceivable way the St. George's has kept by this strong and steady advocacy, and while some good has been accomplished the cry is heard from many quarters that even at the present time, an extraordinary figure is represented monthly in the amount of money being sent out of town for goods that could, and should be produced in Bashaw.

This prevalence of outside goods tends to signal the death of small towns. The St. George's believes that if the people realize that out of town goods are sold at a profit, they will be more inclined to patronize the local order.

But despite this, one continues to patronize the mail order houses and cash and every month they come in with their own demands that they be supplied with goods that they can get elsewhere.

One must not be too hard on the mail order houses. They are doing their best to serve the community. But it is the duty of the community to support its own business.

Before you buy that New RANGE this Summer

here a good look at the ZENITH MALLEABLE RANGE. You will find that it is made with triple walls and asbestos and that the iron parts are MALLEABLE, and that means UNBREAKABLE. The Zenith, you will notice, has all riveted range and has no bolts to loosen and fall out. It is plain trimmed and needs no blacking. There are a few thousands of these ranges in use, and your neighbors may tell you how evenly they bake, and how easy they are to fuel.

We are putting on a special sale of Ranges for the next week, and would like every householder to call and see this excellent value at \$69.00 (Regular Price \$75.00).

Methodist Church

"Bully Day" was observed on Sunday last in connection with the Sunday School. Special rows were conducted by the Pastor in the last rows of Sunday School work; taking as his theme, "Our Privileges and Responsibilities." A good attendance of children as well as adults was registered. A keen interest was manifested in the consideration of this theme and many expressions of appreciation were abundantly uttered.

We should like, through the medium of our last newspaper to draw attention to the fact that our Sabbath School meets every Sunday morning at 10.30. This is the only Sunday School in our town and although associated with the Methodist Church is organized and conducted as a Union School. No Child or adult is asked to subscribe to any Methodist catechism or doctrine or creed. It is our object not to make Methodists, but Christians.

As stated by the Pastor in his sermon last Sunday, there is no religion teaching in our Day School. This means that "wherever the Bible is taught in the house by Parents or Guardians the entire responsibility is thrown upon the Church or Sunday School for the religious training and education of the young. Does your child attend Sunday School? If not, why not? This is your privilege and your responsibility. As a Church and Sunday School we are interested in the moral and religious welfare of the Children. We therefore earnestly request you to seriously consider the situation, and we feel sure that you will be convinced of the duty and responsibility which is yours.

The Officers and Teachers of our Sabbath School will be pleased to welcome you and your Children at its sessions every Sunday at 10.30. Come and get the "Unwant" "Pleasant Hour" and other Sunday School periodicals as well as a knowledge of the Sacred Scriptures.

Yours in the interests of Christianity
R. Clegg, Pastor.

Flour Prices Drop

We are pleased to tell you prices in flour have taken a very favorable drop.

This should be welcome news to us, after the high prices which have prevailed from the beginning of the war.

Wenow quote;
Royal Household Flour \$3.75 per 100 lbs.
Glenora Patent Flour \$3.50 per 100 lbs.

We already recommended both the above grades to the flour of Settling quality, and trust with the actual reduction in price, to be favored with a liberal patronage for these Old Reliable Brands of Flour.

Annual General Meeting Bashaw Red Cross Society

was held on Wednesday Oct. 7th. After the Chairman's opening remarks, the Secretary's report was read.

Shortly after the outbreak of the present war, a few ladies of the district decided to do some work in aid of the Canadian Red Cross Society, and on Sept. 19, 1914, a public meeting was held, and a Red Cross Society organized.

At a meeting held on Jan. 28th, 1915, it was decided to affiliate with the Canadian Red Cross Society, and the name of the Charter was received, constituting Bashaw an official Local Branch of the parent Society.

During the winter, weekly meetings were held, and work given out. As a result of this, 971 made up garments have been sent to the Canadian Red Cross Society. In addition to this number of articles, 12 Hospital suits were donated by the ladies, at a cost of \$51.00. The branch has also collected \$25.00 to the Canadian Nurses Fund, and \$50.00 to provide for a bed in the Duchess of Cornwall Hospital for Canadian soldiers at Cerebral, Somerset, England.

The society fund have been collected by means of concerts, sale of tea, cream, entering for the Old-folks Supper, subscriptions, and donations.

The President and Committee desire to express their thanks to all who have helped to make the branch the success that it has been, and in the last report issued from Provincial Headquarters, Bashaw stands eighth in the whole Province for the number of articles contributed. The work is now more urgent than ever, and with the coming winter we should endeavor our efforts, and work unceasingly for this great cause.

J. C. Hammond Secy.

Proposed by Dr. Curtis, seconded by Mr. Marshall, that the Secretary's report be accepted as read. A financial statement was then read by the Treasurer.

Proposed by Dr. Curtis, seconded by Mr. Harrison, that the Treasurer be authorized to have the accounts audited and the report published.

Proposed by Mr. Harrison, seconded by Dr. Curtis, that the annual meeting be held on the 2nd of October, to provide the agency for one year of the local branch of the Canadian Red Cross Society.

Proposed by Dr. Curtis, seconded by Mr. Harrison, that the further sum of \$75.00 be forwarded to the Provincial Secretary to provide a second bed in the Duchess of Cornwall Hospital, and the upshot of same for one year.

Proposed by Mr. Cranston, seconded by Mr. Marshall, that a subscription be taken for the purchase of a second bed in the Duchess of Cornwall Hospital, and the upshot of same for one year.

Local News For The Week

The colour and H. Edline new visitors to the Capital last week.

The ticket social and dance held at the Jarvis Day School on Friday evening of last week, was enjoyed by all who attended.

Three of our local goose hunters, spent the past week hunting these birds, but to no avail they returned without any game. Jack-hack, Mr. and F. B. Mitchell and Mr. and Mrs. E. A. Trickey of Alton, were followed through town on Sunday afternoon.

Mr. Wiseman and family of Victoria arrived in town on Thursday evening. We understand that they are considering leaving in our midst. We join in welcoming them to this community and trust that they will remain among us.

We are very to report that Miss Florence Whitby, is again confined to her room.

Mr. Westworth Sr. of Bashaw and Mr. and Mrs. L. Westworth of Camrose, returned to Edmonton the latter part of the week.

We understand that Mr. and Mrs. James Wright, formerly of mirror, who are now residing in the U.S., are considering leaving in Bashaw upon their return.

A dance will be held in the Lyric Hall on Friday evening, November 12th. The local orchestra will be in attendance, and a lunch will be served, so there is a good time in keeping for all who attend.

An edition is being erected to the Methodist Parsonage. This is a long needed improvement.

The Bashaw pool hall is now under the management of Hank Stein, and will be run in an up-to-date manner.

Born To Mr. and Mrs. Joe Corlett a girl on October 4th. We join in extending congratulations.

A supper will be held in the Methodist Church on November 11. The proceeds will be devoted to the church fund.

Dr. L. Wright accompanied by several of his friends from Calgary, spent several days in quick hunting around Bashaw. We trust that they had a most enjoyable hunt.

"Well you know I don't know what to do about a fall suit and overcoat."

"Well my friend just step into Webb's and I don't think you will have much trouble deciding. He has as nice a range of suits and overcoats as I ever saw in a small town, and the prices are so reasonable."

Miss Ellen Grand and Miss Cameron both of the city of Edmonton paid a friendly visit to Bashaw on Wednesday. They left on the South-bound train on Thursday afternoon, much to the sorrow of some of the local sports.

As a result of the Jarvis social held last week, over \$37.00 was turned over to the local branch of the Red Cross Society.

Mrs. G. H. Bascor is spending a few holidays in Fort St. John.

Harvest Thanksgiving Service conducted at the home of Ben Trayer Sr. by Rev. Holston. Several ladies were invited.

Mr. and Mrs. McKee of British Columbia and Mrs. Wallace, relatives of Mr. Mrs. Lynn Wilson are at present holidaying at the home of Mr. and Mrs. Wilson. They intend spending four or five weeks in this community. Mr. and Mrs. McKee are receiving old acquaintances in this district, as they formerly resided in this community but moved to B. C. some years ago.

Impressive Service In English Church On Sunday October 31st

Last Sunday a very impressive service was held in the English Church on Friday evening. The entire service was devoted to prayers on behalf of our Army and Navy. There were special prayers for every branch of His Majesty's service, and suitable hymns were selected for the occasion.

The music was rendered by Mr. Stubbs who played the dead march at the close of the service.

The names of all the men who volunteered from Bashaw and district were mentioned, and a few moments for silent prayer allowed for each one. We might here note that there was a Roll of Honor hanging in the Church with all these names recorded thereon.

A large congregation was present, to whom Mr. Holston preached a moving and impressive sermon, not forgetting to point out to the young men that it was their duty both to their King and their God to come forward to the service of their country.

The hearty singing of the National Anthem closed the service.

A dance in aid of the Red Cross Fund, under the auspices of the "Water Glen Social and Educational Club" will be held in The Water Glen Hall on Friday November 10th. Tickets \$1.00 and lunch 25c.

Owing to the fact that all the local news occurs at the latter part of the week, we have decided to change the publication day of the Star until Saturday. So please do not look for your paper in future Friday afternoon—Thank you.

Near Serious Accident

One day last week one of our young ladies, while on her way down town, had a very embarrassing if not a serious accident. As she was passing one of the stores, the sidewalk gave way, letting her fall through into the basement of the building. However, the fortunate for the young lady, the merchant had just filled his cellar with his winter's supply of "Humberstone soft Coal" and she landed on a bed as soft as the proverbial feather bed. The lady suffered only the embarrassment and a few minor contusions; but for the soft road the accident might have been more deplorable to relate.

By adding our storm windows, and storm doors, to your home, and using either of our coats, viz: Humberstone, Black Diamond, or the Kase Valley Coal, you save half on your coal bill over any of the cheaper Lignite coals, besides having only one half the volume and dirt to bother with. We are exclusive agents for this coal, and exact competition, and economy too with any other Alberta coal. We recommend these coals without hesitation to any of our customers, and will deliver the Humberstone or Black Diamond into your bin, NET for \$1.45 the ton, for cash only.

S. A. Foster, agent for the Imperial Lumber Co. Ltd.

Lecture on China

A large crowd attended the lecture given by Rev. Peterson in the Methodist Church on Friday evening. The speaker has been a missionary in China for many years, and his talk was both interesting and instructive. He displayed a number of different curios from that land such as silver, copper, different styles of dress and etc.

He described the work of the missionaries and medical men who are laboring in that field.

He appealed to the citizens of Bashaw for their assistance.

The closing of our content is at hand, and we feel assured that our candidates are anxiously waiting for evening when the ballots will be counted and the winner declared.

We are going to end this grand contest by a dance and reception, the date of which will be announced later.

We publish the list of candidates as they stand at the time of writing.

Ford Co. Will Give Million to Canadian Loan; Head is Pro-Ally

Henry Ford is pro-British, according to an interview with Charles W. McTear, head of the Canadian Ford Motor Company, as published in the Toronto News Wednesday evening.

"I tell the people of Canada for me that I am with their heart and soul," the motor-car magnate told the Canadian newspaper shortly before he sailed on his trip to the east.

Then he added, for the United States, "I am with the heart and soul of the United States," he said, "I am with the heart and soul of the United States."

He said that he was not a Canadian, but that he was a Canadian in spirit. He said that he was a Canadian in spirit, and that he was a Canadian in spirit.

BASHAW, ALBERTA, SATURAY, NOV. 13th. 1915

No. 28

This Space

Is reserved by Bashaw Hardware, but seeing that the price and quality of their goods are as well known they have decided not to use this week.

Water Glen

Threshing is finished in the town and a large number of farmers are hauling their grain to Bashaw.

Mr and Mrs. C. A. Johnson entertained a few friends on Thursday evening.

Mr and Mrs. Rogers dined in Alton on Tuesday.

J. W. Bole of Mirror spent a few days at his home in Water Glen this week.

Mr. Erickson who has been spending five days with his sister Mrs. Johnson, returned to his home at Millet on Friday.

Mr and Mrs. Green and Miss F. Walcott spent Sunday with Mr and Mrs. Rice.

Mr and Mrs. Kallman entertained a large crowd of young people on Sunday evening. A most enjoyable time was spent by all.

Miss Anna Carlson and Miss Minnie Ringgold were invited to the Bachelors house on Saturday.

Mr and Mrs. Chas. Johnson and Mr and Mrs. Otto Johnson were visiting friends in Carleton on Sunday.

On November 17th, in the Water Glen Hall, W. F. Gold, General Secy of the Alberta Temperance and Moral Reform League, will deliver a lecture on Prohibition and Conservation entitled "The Revolution of John Barleycorn." A number of beautiful slides depicting the war, humor, and temperance will accompany the lecture.

This is of special interest at the present time, and we trust that all folk will find an enlightening crowd assembled to hear his lecture on this subject.

Do not forget the date; Wednesday, November 17th.

Also—They tell me all folk will be painted red next season, (fellow—you don't say so).

Also—One thing. The State has laws that say its car made to carry machine must be painted red.

"Four men, staidly in his black, has she lost some love ones?" I think not, I heard it was her husband.

Returned Traveller: What you might call the rings girls among the average wearers in the snow as well as in their cars.

Wagtail: That's nothing. Some of our society girls have rings round their eyes.

Bashaw Invaded

Town Stormed During Night. No Serious Casualties.

During the night of the 13th, a party of several men upon Bashaw was surprised.

Under cover of darkness a band of men entered the village and set to work in several successful attacks.

Attacks were made in several quarters, but the fewest skirmishing was carried out in the neighborhood of N. E. Hall's Implement Factory.

Here the enemy's attack was entirely successful, they managing to carry off several pieces of furniture and depositing it in a safe house from the works.

The school was also visited, and after negotiating the wire entanglements, the enemy demolished several footboards and retired. It was noticeable that several parts were entirely missing, and that the inhabitants were in danger with the attacking forces or whether a battle occurred in which the enemy was successfully driven off as they were by no just at present.

It is to be hoped that sufficient means will be adopted to meet the situation with a view to the future.

We learn from sources not very reliable that several desperadoes looted the village. We give it for what it is worth as it may only be the workings of a fancy imagination.

A very interesting case was before the Justice of the Peace on Friday evening, between Mr. W. Harrington and V. Miller, when the latter took action against Mr. Harrington for wages. The Justice decided in favor of Mr. Miller.

The trouble with the German reform price is, however, that when the daily papers kill him.

For a people who are being urged to study economy Canadians are having a pretty good time just now. A food and his fathers money are easily parted.

Watch the Bashaw market quotations in this paper, kindly supplied by the Farmers Co-operative Elevator.

The Star wants all the news, particularly local news, and anyone who knows the particulars of such occurrences as make good news, would confer a great favor on the chief when the daily papers kill him.

Red Cross Notes

We beg to acknowledge the receipt of \$40.25 from the Water Glen Social and Educational Club, this week. We appreciate very much the assistance which Water Glen is giving us and we take this opportunity to thank the Club for their current endeavours.

The following articles have been received by the Executive Committee during the past two weeks:

Mr. T. S. Hatfield
1 bed-shirt
Mr. H. Smith
1 bed-shirt
Mrs. J. Sharp
1 bed-shirt
Mr. Rayner
2 pairs sock
Mrs. Robinson
2 pair handkerchiefs
Mrs. Kinnear
1 pair handkerchiefs
Miss Bohlen
2 pair handkerchiefs

From our list you will see that the ladies are working exceptionally well they are doing their "bit" to place Bashaw as high up on the list as they possibly can. We admire their earnestness and hope their order for this work will always remain keen.

Our subscription list circulated a short time ago to provide Christmas presents for our own brave boys, has gone far beyond our expectations. Already eight boxes have gone forward to England but there are still a few left which we are unable to send as we cannot get correct addresses. If anyone knows the addresses of the following boys please leave them either in the bank or the drug store:

J. H. Gallintrap
W. H. Fletcher

These are the boys that we cannot locate at present so kindly help us, if you can, by giving us whatever information is at your disposal.

The following names and amounts have been added to this Christmas present subscription list:

R. Dawson \$1.00
H. G. House .25
N. J. Holt .25
R. Traynor Sr. 1.00

Next week we purpose publishing the subscription list of the Red Cross and in the meantime we would ask those whom we cannot see regarding the subscriptions to kindly leave them in the Bank or Drug Store. We have not as much time during the winter months to give full attention to the matter of collecting these subscriptions as during the summer, and we would therefore ask our subscribers to help us all they can. Any little assistance you can render will be deeply appreciated.

Some time ago we had serious thoughts of abandoning the Red Cross list during the next two months in order that we would not be soliciting assistance during the time the Patriotic Fund campaign was on. Since then we have changed our mind for one reason and one reason only. About three weeks ago we bought supplies consisting of wool, cheese cloth for handkerchiefs and a large amount of material for making shirts, hot water bottle covers, etc. The supplies arrived a little more than a week ago and at the date of writing these notes, they are very quickly being made

up. The result is we are short of material and it has to be replenished from time to time, so we must have the money to purchase it with else our organization will break down.

At present we believe the majority of the ladies in the village are working for this cause but there remain a few still who were expecting will join the ranks of workers very soon. To keep all these ladies supplied will require an enormous amount of material, hence our subscription list must continue. We would therefore ask all our subscribers to continue their loyal support.

NOW THEN!

??WHAT ABOUT THAT WINTER ORDER??

This is the time of year when the members of the family get their heads together after the supper dishes have been cleared away, and with catalogue, pencil and note paper, they fling together to bring each dollar they have to spend up to its maximum purchasing power.

We don't blame you a bit. It's hard times, and we have to practice the very CLONEST-EVENING.

But let us figure together, to keep as much of our money in our own community as possible, by making every possible purchase from the House Merchant.

In order to assist in this direction, we have arranged a set of Discounts, on bills which will likely correspond to at least some of the amounts you intend spending away.

On bills over \$5.00 and under \$10.00 we will allow 5% discount

On bills of \$15.00 and under \$25.00 we will allow 10% discount

On bills over \$30.00 we will allow a discount of 15%

Why not get your neighbor to join you in order to make up one of the above amounts.

We may not carry in stock all the things you want to get, but let us supply you as far as we can, and keep all the money we can. At Home.

Sugar and Flour positively not included in above offers.
Yours for conservation of community resources.

Around Bashaw

A. J. Whitty returned to town on Monday, after spending the past two weeks in different parts of Eastern Canada.

The ladies and of the Methodist Church met Thursday afternoon, and were entertained by Mrs. Frank Wright and Mrs. Bert Williams in the Methodist Church.

Mr. Hawley, Pharmaceutical druggist, visited Bashaw last Wednesday to ascertain if there were any infringements of the Pharmacy Act in regard to the sale of poisons and practice of Pharmacy in the district. We are pleased to state that he found everything O. K.

J. Frank and Geo. Wells were business visitors to Mirror on Tuesday. (Enough Said.)

Mr. and Mrs. Dahl returned to Bashaw on Monday, after spending a few days in Camrose. All those who attended the turkey raffle held at the home of Mr. Ben Trayer, Sr., in the Buffalo Lake district, on Friday evening of last week, report a most enjoyable time.

The local skating rink is now in full swing. The opening night was on Monday, and a large number of lovers of skating were in attendance.

Mrs. and Miss McInnis returned from Edmonton on Tuesday.

Posters have been issued announcing the following dances, to be held in the Waterlilies Hall, December 3rd, 17th and 31st. Westworth's orchestra will supply the music and all who attend are assured of a most enjoyable evening.

Posters have been issued announcing a Grand Christmas Cantata entitled "The Birth of Christ" to be given in the Lyric Hall on Christmas eve. This promises to be an event in the history of Bashaw, and we trust that a large number will be in attendance.

The collectors throughout the district have been working during the past two weeks in the interests of the Patriotic Society and we understand that they have made a grand success, and we feel assured that Bashaw will have no trouble in raising her share towards this cause.

Chas. Raymond, who has been in this district for the past six months, left on Tuesday for Leduc, Alta., where he will reside on his homestead.

The Christmas number of the Star will be published Christmas week, and we would like to make this one as interesting as possible, and our readers could greatly assist us by sending us in the pictures of the boys who have rallied from this town or district. We would make a special request that those pictures be mailed or brought in to our office at once.

Before going to press we learn with regret the sad news of the death of the infant son of Mr. and Mrs. C. A. Lindberg, a full account will appear in next weeks issue.

John Lloyd Bashaw

In Memoriam

Died at his home in our little city, Little Fred, son of Mr. and Mrs. C. A. Lindberg, aged 4 years.

Death came with friendly care. The opening lot to Heaven conveyed.

And hark it bloometh there. The funeral of the little son of Mr. and Mrs. Lindberg was held on Monday afternoon. Rev. Clegg of the Methodist Church, conducted the services and spoke in words of tenderest sympathy and comfort, of deepest Christian hope and promise. Several appropriate songs were rendered with peculiar beauty and sweetness.

Thus over a happy home the shadow of a little grave has fallen; and, as our mother has said, it is wonderful how long a shadow a little grave can throw.

This beautiful baby life was so precious, so fraught with knowledge to his parents that he seemed a flower of paradise permitted to bloom for a brief season by their side, then recalled to its native shore, leaving the earth road for them lonely and dark indeed.

And when the messenger came from the unseen lands to claim the dearly darling for his own:

He only craved his little hands, He only looked more sweet and fair.

We parted back his little hair; We were the roses 'round his hair.

White buds, the summer's drifted snow; Wreath like, from head to foot his flower. And thus he went out of this world of ours.

The Kaiser's Dream

THE NEW "PARADISE LOST"

There's a story more current, though
sterner it may seem,
Of the great Kaiser Bill and his
wonderful dream.

Being told of the Allies he lay
down in bed
And thought of other things, he
dreamed he was dead

And in a fine coffin was lying in
state
With a guard of brave Belgians,
who mourned his fate.

He wasn't long dead till he found
his soul
That his kind like his soldiers had
gone to the wall.

On leaving the earth he seldom had
been so right,
And arriving up there gave a
knock at the door.

To find he had landed out and in a
wider world and cheer.

"Blessed Kaiser Bill," he
didn't want you here!

"Well," said the Kaiser, "that is
very sorry."

I suppose after that I must go to
the Devil."

So he turned on his level and off
he did go

At the sight of his speed to the
regions below.

And when he got there he was
filled with dismay,

When waiting for the angel he heard
Old Nick say

"To hell, you know, you know here, boys,
I give you a warning—

I'm expecting the Kaiser down
here this morning;

But don't let him in, for to me
he's no angel."

He's a very bad man and we don't
want him here!

If you see him there he's no real
angel—

In fact, I'm afraid he'll corrupt
your good morals."

"O, Satan, my dear friend!" the
Kaiser then cried,

"Excuse me for listening while
you're conversing."

"You're not! I'm afraid he'll corrupt
your good morals."

"O, Satan, my dear friend!" the
Kaiser then cried,

"Excuse me for listening while
you're conversing."

"You're not! I'm afraid he'll corrupt
your good morals."

Your last letter of the 26th
reached me this morn., extending
suggestions and other com-
munications references to my public
career. I am pleased to believe that
my public life is without stain or
blemish at least I have always shied
at leaving it to my appreciation
each letter as yours, coming from
those who are not normally of the
party to which I have always given
attention, until I needed the speak-
ing stick. After that not pertinent
but strict necessity governed my
conduct. As an evidence of the
feeling of the Bashaw toward me
in the future, I might mention that
among the first letters of letters I got
after my appointment, extending
congratulations, was one couched in
most complimentary language from
one of my old opponents who had
been defeated by me at the polls on
the different occasions. Mr. C. W.
Horton. Through all our conflicts
he was not one disapproving word
between us, and our friendship to-
day, I am pleased to say, is as good
as it was from our first acquaintance.

When I returned from Illinois I
was sorry to find your poor mother
had passed away, and was heart-
broken to find that you had been
sent away to a school for the blind,
and you had all gone to your res-
pective homes. My sincere sym-
pathies are extended to you in your
grief. Your mother was
always a true friend of mine, and a
most estimable woman. I felt very
sad on my return to find that she was
dead, and that I could not see her
again. Your mother was a true friend
of mine, and a most estimable woman.

With best wishes for you and
yours.

I am,
Yours very truly,
T. R. Spauld.

that a wonderful providence would spare their lives and permit them to gather their children and grandchildren about them and enjoy this happy reunion under the parental roof. There were four generations represented, the child, the parent, the grand parent and the great grand parent. The photographer, Ray Lewis was present and took pictures of the whole company and groups of it as requested. It seems that the weather was favorable to the happy event, for the day was fine. The sun shone warm and old memories were for the day. The attendance was about 70. The number was about as large as could be well raised for a first was built outside in which tables were set and finely decorated with flowering things to look at, but really the most attractive of all was the extra grand spread of good things to eat which had been prepared by the wife and her able co-operatives.

The ladies make was really a thing of beauty, decorated with flowers and crowned with a beautiful wreath, and when broken into, was found as fine food as it was good to look at. Quite a number were present from Barker and from Dallas as well as from Janison and the surrounding country and all report a most excellent time. The winter was there and is sure he had a fine time and hopes he may be privileged to attend more of Mr. and Mrs. Crisman's reunions. We have not heard yet as to whether or not the old folks were charmed that evening. Wouldn't wonder if they were, for everybody was anxious to make these happy by furnishing and providing a full measure of performance consistent with wedding occasions. Sure the hearty good will and very best wishes of the whole assembly were extended Mr. and Mrs. Crisman. The following is a list of their children from oldest to youngest and where they reside:

PLANS FOR FARM BUILDING With Bills of Material & Instructions How to Build

1 General Purpose Barns	6 Piggeries & Poultry Houses
2 Dairy Barns	7 Poultry Houses
3 Beef Cattle Barns	8 Implement Sheds and
4 Horse Barns	9 Barns and
5 Sheep Barns	10 Farmhouses

No expense or trouble has been spared in making these booklets of real value to the farmer. The building plans, the up-to-date information concerning the handling of cattle, horses, sheep, pigs and poultry, and other farm subjects contained in the booklets have been prepared by the College of Agriculture of the University of Saskatchewan, and are specially designed for practical conditions. In fact, the booklets are the property of the British Columbia Lumber Co., Ltd. The object of these booklets is to help farmers to use material grown and manufactured in Canada. By showing the practical farm-to-law in use our Western lumber to the very best advantage, farm building is made easier and cheaper. Good service and satisfaction for the consumer will increase the market for British Columbia Lumber. It is upon her great lumber industry that the prosperity of British Columbia depends. It is upon her great lumber industry that everyone to help build up the West by buying home products.

Any of the above booklets in which you are interested will be mailed free upon application to the Chief Forester, Victoria, B.C. Complete in three sets will also be supplied to lumber dealers on request.

No finer holiday weather could be wished for than Alberta has experienced this week. The atmosphere has been real mild and spring-like and the absence of the cold clinging winds has been very marked.

The stores and business places report a brisk holiday trade.

Private Wm. Hyson, 60th. Bat. Edmonton, is the most of friends in this district this week.

Private F. Wells, 60th. Battalion, Edmonton, is spending the holidays in this district.

Mr. and Mrs. Wieman, relatives of Dr. and Mrs. Curtis, left our burg for Dayland last week to take up their residence there.

"The Grip" seems to be among our citizens this week.

A dance will be held in the Water Glen Hall on Friday evening of next week.

Calgary, December 17—What is the most gigantic pipe line proposed ever made in Canada is now proposed, and is in fact under operation, by Eugene Coste of the Western Canadian Natural Gas Company. Mr. Coste and his associates are already acquiring a long and wide strip of natural gas rights, with a view to piping natural gas to Winnipeg, Regina, Moose Jaw, Brandon, Swift Current and in fact all the important towns along the Canadian Pacific Railway between Calgary and Winnipeg, together with the city of Edmonton.

EVERY FARM IS A FACTORY

Like any other factory, a farm requires a properly equipped plant. That means well designed buildings. The British Columbia Forest Service is publishing a series of bulletins on farm buildings, the plans for which, the kind of material, and instructions how to build, were prepared by the College of Agriculture of the University of Saskatchewan. The Forest Service has supplied information concerning the best woods to use.

No expense or pains have been spared to make these bulletins of real value to the farmer. Even if you do not expect to build immediately, these bulletins will help you to work out your plans for extending or improving your plant and will enable you to find out the cost beforehand.

Any of the following bulletins in which you are interested will be mailed free on application to the Chief Forester, Victoria, B. C. Complete reference sets will also be supplied lumber dealers on request.

EVERY FARM IS A FACTORY

Like any other factory, a farm requires a properly equipped plant. That means well-designed buildings. The British Columbia Forest Service is publishing a series of bulletins on farm buildings, the plans for which, together with material and instructions how to build, were prepared in the College of Agriculture of that university at Vancouver. The Forest Service has supplied information concerning the best ways to use.

Any space or plans have been found to make these bulletins of real value to the farmer. Even if you do not expect to build immediately, these bulletins will help you to work out your plans for extending or improving your plant and will enable you to find out the best method.

Any of the following bulletins which you are interested in will be mailed free on application to the Chief Forester, Victoria, B. C. Complete reference sets will also be supplied lumber dealers on request.

For information concerning British Columbia Lumber, address: W. H. Hanson, Public Lumber Commissioner, 303 Dominion Building, Regina, Sask.

11 General Purpose Barns	6 Pigsties & Smoke Houses

Why this man bought a Remington Junior Typewriter

I have been using the model of the recent make of machines looking for one of simple construction for my business and letter writing. I was nearly ready to buy a machine of another make when I happened to see for the first time the Remington Junior. AND THAT IS THE VERY THING I WANTED.

The man who made this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior and his reason apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

"A simplified Remington" describes it exactly.

AND THE PRICE IS \$70.00.

Remington Junior Typewriters will be sent "on exchange" without obligation to purchase.

Easy Payment Terms can be arranged if desired.

BORN—To Mr. and Mrs. G. Nelson, on January 20th—A Son.

The Country Doctor

The world owes a lot to the country doctor. His chief duty may be to do a little with a therapeutic touch, which seldom comes to him, and his life is very few, but no man does more for humanity than the country doctor. Always on the alert to answer a summons to the sick, he makes long drives in the night, battling against the cold and bad roads to arrive in time to save old death, and relieve suffering and distress. He has no regular hours; he knows no holidays; he eats when and where he can. Often poorly paid, and not unreasonably paid at all, he always does his best. Useless, and with the first thought of others, he often breaks down and undermines his own health to pull a patient through a crisis. Unhospitable, unsupplied and unaided may be said of him in many cases. And yet who is deserving of more praise? He enters us into this world, he eases our pains while we are here and makes our final as peaceful as possible. Yes, the world owes a lot to the country doctor.—Ex.

Why Is Your Home Built of Wood?

Because Wood Is:

STRONG—Weight for weight it is stronger than any other building material.

DURABLE—Properly used, it lasts for generations.

EASILY WORKED—It is easy shaped and joined with very simple tools.

IMPERVIOUS—Neither wind nor water will get through it.

A NON-CONDUCTOR OF HEAT—It is warm in winter and cool in summer.

ATTRACTIVE—For interior finish, wood is unrivalled in its soft coloring and vitality.

WHOLESALE—Wood is sanitary, healthful, not noisy, and is of pleasing and friendly appearance.

CHEAP—Abundant, accessible, easily handled, manufactured and erected, wood is the cheapest of all building materials.

These Qualities Also Make Wood The Best Material For Barns and Other Farm Buildings.

Farm Building Plans

The British Columbia Forest Service is publishing a series of bulletins on farm buildings, the plans for which, the bulk of material and instructions how to build were prepared by the College of Agriculture of the University of Saskatchewan. The Forest Branch has supplied information concerning the best woods to use.

Any of the following bulletins in which you are interested will be mailed free on application to the Chief Forester, Victoria B. C. Complete reference sets will also be supplied lumber dealers on request.

Grand Carnival

The Carnival held on Friday evening under the auspices of the local branch of the Red Cross, was in every way a grand success.

The exhibition of fancy skating given by N. W. Harrington, was one of the most interesting parts of the evening's enjoyment.

Great credit is due those who entertained the crowd by their comic and fancy-draw costumes.

The following is a list of prize winners:—

BASHAW ALTA

From The Front

From Jan. 24, 1916
My Dear Mr. Stewart,
Bashaw, Alta.

Dear Mr. Stewart,
Some weeks ago I received a parcel from Bashaw with a card on which was written "from the front."

I am writing to you to ask you to convey my thanks to the people of Bashaw for their kindness and thoughtfulness. These kind actions are the most appreciated when I consider that I was almost a stranger to your town and people.

I am writing to you thinking you to be the most likely person to know to whom my kind regards, and to convey them to the proper person.

With remembrance to Mrs. Stevens and Helen and last but not least yourself, I am,

Sincerely yours,
Martin Burns

The Ladies Aid
Dear Friends:-

I received a parcel from Bashaw on Jan. 24th, and nothing to tell me where it came from.

We have seen a little trifle like that very little as we were very busy for two months and were engaged a short time with the P.M., 2nd, and Princess Pals, and are the 7th brigade.

Cannot tell you anything about the trifle as it will be read.

It was out here pretty steady and the ground is all mud almost everywhere.

The truffles were dry when we went in, but the Huns blocked up a creek and the water ran in, which was too cold and not a bit hot, however, we got the black ones, and drained, but the mud remained, which we shovelled over the package.

The weather is not cold if it is worth writing about, but the clouds off the sea are cold, and with the wet we are sorry.

My address is P.O. Box 100, New.

Why this man bought a Remington Junior Typewriter

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I happened to see for the first time the Remington Junior, and found it to be the very thing I wanted."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior and his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

"A simplified Remington" describes it exactly.

AND THE PRICE IS \$70.00

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy Payment Terms can be arranged if desired.

Mr. Thomas Page and Miss Charlotte Wing, both of Edmonton, were united in the sacred bonds of matrimony, in the Methodist Church on Monday Feb. 21, the Rev. R. Clegg officiating at the ceremony.

The bride and bridegroom were attended by Mr. H. E. Wing, brother of the bride and Miss Johnson of Meek Creek.

We extend to the happy couple our hearty congratulations and best wishes.

G. C. Webb returned on Monday evening after spending the past week in Lethbridge attending the sessions of the Grand Lodge of I. O. O. F. He represented the local Lodge.

J. L. Boland was an Edmonton visitor this week.

Bert Williams was an Edmonton visitor this week.

R. E. Zachary was busily engaged unloading his car of furniture the early part of the week.

Born on Wednesday, Feb. 23, to Mr. and Mrs. J. H. Duml, a daughter. We join in extending congratulations.

The Editor was a business visitor in Edmonton this week.

It has come to light that the Editor of a small country weekly was badly "beat up" by one August Hackenschmidt, manager of a home newspaper. It appears that the Editor published an article which drew something like this: The first of July this year will be the last of August.

Bashaw's Monster Red Cross

Never within the annals of Bashaw have we seen such a large assembly of the people gathered in the hall on Thursday evening of last week to hear the experience of wounded soldiers who are touring the Province in the interests of Red Cross work.

For almost an hour prior to the commencement a steady stream of people flowed into the building and when the entertainment began, the hall was packed.

The programme was an excellent one. Private F. Wells, who is the possessor of a rich baritone voice which he used to full advantage in the specimen ball, rendered many Patriotic numbers which were very much appreciated by the audience who demanded encore to every number, but this time of the evening—the first which had brought men and women many miles was the single story, freed from embellishment and personal praise, told by private Post, one of the few survivors of the 1st Canadian contingent.

His story which was listened to with great attention was the simple narrative of the death of the first contingent from the time it left Canada until the end of the second battle of Ypres.

Private Post who sang the first number with his perfect delivery, outlined his story very modestly and in a manner so clear that even a child could follow his remarks; and though at times his remarks were not yet so interesting those with every reminiscence.

From the regions of levity to the depths of sadness and then back again Private Post carried his way and, and at times many eyes were dimmed with tears as he related the gallant stand made by the First Canadian Contingent at Ypres when they saved the British Empire from irretrievable ruin.

Do not feel proud of those boys at Ypres, when they saved the situation at that critical period and saved the eternal gratitude of the John French and the whole British Empire?

His was a most stirring address and it went home with telling effect to the audience. No wonder, when he concluded his remarks, that the hall rang with the ovation he received. He certainly was deserving of it.

Mrs. A. J. Frank played the accompaniments admirably, thereby contributing extensively to the unparallel success of the evening.

The chairman of the entertainment was H. W. Harrington who admirably filled the position and whose speech showed how deeply he is interested in the work.

[The hall filled with men who are to who have made such terrible sacrifices.]

Private Post has made his remarks yet he still continues to serve his country for the cause he knows is just.

There is not trade in a house; there are in this community who are needed in the upholds of the society after seeing a brief witness of the of the terrible battle in Flanders? If there aren't we we purged our community from their contamination influences, but with their the three regular civic measures for he that is not with us is against us.

Are you, my dear reader, doing your duty towards the Red Cross? Are you? If not it is time you did or else leave the community and get a suit of khaki or take an extended holiday, because if Ypres is not for your health.

Any man who listened to the words of Private Post and was not awakened to a sense of his responsibility is surely to be despised. The is not, not even an opening for one, but a miserable, detestable, good-for-nothing wretch.

Any woman who sat listening to the appeal and went away feeling that Red Cross work was not for her, she made no account but a superfluous amount of pity. Her heart must be in a terrible condition or totally incapable of grasping the idea of our terrible struggle.

Can you, women, stand aside and allow your sisters to shoulder your part of the burden?

Men, can you allow your brethren to fight for you while you latent criticism at their heads and latent excuse, the only things that render noble hearts can conceive up to hide your shifty greed for gain, by which you can escape the responsibility?

The war will not continue for long and when Jack Canuck and Tommy Atkins return to our noble nation there will be a terrible reckoning for those who have done nothing.

Remember our warning.

TYPHOID is no more necessary than measles. Army Hygienists recommend the use of Typhoid Vaccine as the most effective and safe method of preventing this deadly disease. It is available in the form of capsules, or as a liquid, and is given in two doses, one at the time of enlistment and the other at the time of discharge. The vaccine is made from the bacteria that cause typhoid fever, and is given in the form of a small injection into the arm. It is a safe and effective method of preventing this deadly disease, and is recommended by the Army Hygienists for all soldiers.

And How They
Can be Avoided

Dr. David H. Miller writes as follows of appendicitis:--
"In considering the treatment of any condition of sickness, it is always been my rule to first find the cause. To my mind, it's the only logical way. Many people seem to think that if they have had an operation for appendicitis they are safer immune, and need have no further fear along that line, but I say emphatically, and I think you will agree I am right, that after an attack of appendicitis, even though you have been successfully operated upon and the appendix removed, your troubles have only just begun unless you

"The thoughtless will say inflammation in the appendix is a inflammation in the appendix is appendicitis, but what caused the inflammation? Constipation, yes, that is the true cause. If you were never constipated you would never be safe. Appendicitis is only one of the results of the retention of fecal matter in the colon for too long a period."

There is no longer any question that the real cause of edicilis is constipation. By keeping the bowels regular

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was

nearly ready to buy a machine of another make when I JUST HAPPENED TO SEE FOR THE FIRST TIME THE REMINGTON JUNIOR, AND KNEW IT TO BE THE VERY THING I WANTED."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. But his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington—except weight and bulk.

"A simplified Remington" describes it exactly.

AND THE PRICE IS \$70.00

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy Payment Terms can be arranged if desired.

Bakery for Bashaw

Mr. and Mrs. H. T. Delbert of Canmore arrived in town on Tuesday of this week and have taken up their residence in the building opposite the Post Hall. Mr. Delbert intends opening a bakery as soon as possible.

We join in extending the hand of welcome to Mr. and Mrs. Delbert and trust that they may long remain among us.

We are always busy, but never too busy to figure on your bill of building material, as before you start your building operations this spring, let us give you our prices. Our quality is the best, our prices the lowest and our stock the largest of any yard on the Calgary branch of the G. T. P.

We have just received a large shipment of AL OAK 24-4-20, just the thing for Fences and Boards.

Account of the Fire

The Alberta Hotel owned by J. C. Nelson was destroyed by fire on Friday evening of last week.

The fire started in some unknown cause in one of the rooms on the third floor about 7:20, and in three hours the building was in ruins.

The loss of the hotel fire brigade are to be congratulated on their excellent work, for within ten minutes from the time the alarm was sounded water was being poured into the building, and after a couple of hours of hard fighting they managed to keep the fire from spreading, although at times it looked hopeless, several buildings being barely two yards from the flames.

Only a small portion of the furniture was saved and a small amount of the liquors.

The hotel was one of the finest country hotels in the province and was built some five years ago by Mr. E. Bashaw who sold it to P. J. McDonald, and was eventually bought by Mr. Nelson.

A large amount of the landlord's personal property was destroyed.

NOTICE

Public notice is hereby given that there has been introduced into the council of the Village of Bashaw a by-law of which the following is a short synopsis:

(To form that part of the Village of Bashaw consisting of Blocks 3 to 9, 11 to 17, and 20 to 21, all in close, with adjacent streets; and also including the trunk of the Grand Trunk Pacific Railway Company within the Village, and the yard of the Imperial Lumber Company Limited, situated on the south east side of such track—into a pound district; the animals described in the following list to be prohibited from being at large within such limit at any time during the year:

(a) Stallions or Jacks of one year old or upwards;

(b) Bulls over nine months old;

(c) Sheep, swine, geese and poultry of any description;

(d) Horses;

(e) Cattle, excepting milch cows.

Milch cows to be at large only between the hours of 5 o'clock forenoon and 8 o'clock afternoon in the months of May, June, July, August, September and October. Any animal found at large except as above provided to be impounded; any damage done by any animals at large shall be assessed to the owner of such animal. Constable to be named keeper and his fees to be those allowed by Village Act.) And that a copy of same may be seen in each of the following places; at the office

of the Secretary Treasurer, the Post Office and door of the Parish, and further that unless within thirty days of the publication of this notice at least ten resident electors of the Village petition the council to submit such by-law to a vote of the resident electors of the village the notice will proceed to pass into law.

H. H. Philip
Secretary Treasurer of the Village of Bashaw.

Water Glen News

A large crowd were in attendance at the theatrical contest held on Saturday evening in the hall.

The pupils who took part in it did splendidly.

The judges, Mrs. Hentley from Glouster, Mrs. Bolch from Mirror and Mr. Donaldson from Mansfield had a rather difficult task in deciding to whom the prizes should fall, owing to the excellence of all the contestants but it was finally decided as follows: Earle Carlson, who recited the First hymn took first prize. Bernice Bloomquist who recited the Green Mountain Justice took second, while Andrew Vold recited King Isaac's Last Battle, and took third.

AROUND THE TOWN

Miss A. M. Dick went to Ponoka Thursday last for the Easter holidays, probably attending teachers' convention at Edmonton.

Private W. Miller and G. Selverton left for Edmonton Thursday, being ordered to join their battalion at once.

Mr. E. E. Cunningham went up to Edmonton, for the holidays, returning Wednesday.

Corporal Moore was down from Camrose Thursday, returning to Edmonton Friday.

Mrs. McLennan, of Edmonton, visited Mr. and Mrs. Philip for a few days this week.

Private J. H. Boyd, of the 104th, Edmonton, is visiting his uncle, J. E. Cunningham.

Dr. L. Wright, well known in the community, has been paying business visit for a few days.

Pte. G. A. Cunningham, of the 104th stationed at Edmonton, spent the week end with his brother, J. E. Cunningham.

Miss Agge, with her son Kenneth, is visiting with her mother, Mrs. Hittesloewsky, for a few days.

Jack Whitley, son of Rev. Whitley, happened a painful accident Saturday last. Whilst clearing out the basement for his mother, he fell, and his hand came in contact with a broken lantern glass. He received a very bad cut across the wrist, six stitches being required.

The retiring and the new council met in joint committee after election Monday last, to appoint a secretary-treasurer for the village, and it was decided to appoint C. H. Lanthier, the new proprietor of The Bashaw Star. It was hoped by doing this to help the newspaper along until conditions were improved.

Elly Paria was brought up again at Edmonton last Saturday, charged with horse stealing and threatening an officer. He was remanded to appear at Bashaw on the 20th.

Business is brisk in the Ford car department at present. R. R. Zachary reports the sale of four touring cars during the past few days. Gust Reihula, P. J. Nashua, J. Purcell, local men, and Mr. Reid, of Dornville, were the purchasers.

L.O.L. MEETS.

A special meeting of the Bashaw L.O.L. was held last night to bid farewell to R. R. Bos, Philip, who has resigned for active service in the Medical corp. Bro. Peck was appointed recording secretary in the place of Bro. Philip.

W.C.T.U. MEETING

The W.C.T.U. held their regular monthly meeting in the Methodist church, last Thursday. Several new members were enrolled, and the secretary's report indicated a healthy condition of the society.

Mrs. Crane read a paper on Medical Temperance, dealing especially with home nursing. An interesting and helpful discussion followed. The president, Mrs. W. F. Wright, was elected delegate to the annual convention at Dapland in May.

Preliminary arrangements were made for a special dinner on May 24th, in honor of the "ladies" who have secured new members during the competition.

DOMESTIC DOWNS.

W. Reid motored to Bashaw Friday, to visit Mr. and T. Willows visiting Meeting Creek Easter Sunday. Mr. and Mrs. Reid spent Easter Sunday at Mrs. E. Reid's.

And Noyard had a nasty accident happen one of his horses whilst harnessing. Flaming this a mud hole, a sock he was driving behind it and stepped on the drawer. The other horses, pulling ahead, lifted the harness up, where it fell on one of the horses, inflicting severe wounds.

The spring birds are here once more, and the hay with the 22 lb. often nearly tumbled to about. Mr. Melnikov said the boys to spare the birds and protect on the spade and the scotchman which do so much damage.

BASHAW GIVES OF HER BEST

Another Strong Contingent Given Good Send Off.

Bashaw has been bidding goodbye to some of her best this week, who have left to do their little bit in this great world struggle for the principles of national citizenship and freedom. J. W. Marshall, R. H. Philp, Moore, Chadsworth, and McElhan were given a rousing send off Monday noon, and again Tuesday a large crowd assembled at the depot, when S. E. H. Pearson, J. H. Pearson, R. H. Pearson, J. Smith, and H. C. Duke formed the second contingent to Calgary to be attested for the Army Medical Corps.

They have been drilling for some time past under Dr. Currie, an old Medical Corps man, and who is to follow the boys very shortly.

This brings the total number up to 40 who have left Bashaw and district in answer to their country's call for men.

Those who have already gone are Rev. O. Creighton Chap. Rev. Martin Burrows, Dr. E. Fraser, E. G. Bowring, J. Storey, J. W. Galloway, L. Tanner, Jas. Miller, V. Stephenson, W. Miller, S. Y. Stephenson, F. W. Frost, C. D. Stephenson, A. D. Nel on, J. B. Noble, L. B. Salmon, Geo. Stahel, F. Southall, Joseph Dymon, W. S. Wieman, W. Boddy, R. H. Williams, I. M. Fisher, A. H. Williams, J. F. Fisher, F. Wells, Beattie Gillmore, Norman Christie, W. Silverman, J. C. Brady.

The hearts of all who are left behind will be with them wherever they may be placed, and Bashaw will anxiously await news of our boys, and with what gladness shall we welcome them home again when their great and glorious task is accomplished.

Council Meeting.

Old Council Holds Village Affairs to New Council.

A joint meeting of the old and the new village council was held in the office of R. H. Philp, Friday evening last, all being present, with Reeve Whitley in the chair.

After the minutes were approved, the following bills were passed for payment:

G. H. Raemer, supplies for Re-organ..... \$ 8.00
R. H. Philp, legal expenses..... 20.00

The secretary reported a surplus on hand of approximately \$180.00, it was therefore decided to pay to the Union Bank \$100 on account, and \$80 to the Imperial Lumber Co.

The condition of the school was mentioned, and the secretary was instructed to notify the committee to have the hall placed at the disposal of the school.

As then closed up the business of the meeting, the minutes were passed and read, the newly constituted council.

Tennis Meeting.

Another Court to be Closed

About twenty turned out to the tennis meeting Monday evening in the Bashaw Bank room, and the enthusiasm and interest shown could be taken to mean anything at all of the success of the tennis club this year is well assured.

Mr. W. C. Gray took the chair and Mr. A. J. Frank gave a report of the affairs of the club for the past year. There was a balance of \$4.31 on hand. The election of officers for the present year took place and Mr. H. T. Raper was elected president, with Mr. G. H. Raper vice president, Mr. A. J. Frank secretary and Mr. H. T. Raper treasurer. Mr. H. T. Raper was elected president, with Mr. G. H. Raper vice president, Mr. A. J. Frank secretary and Mr. H. T. Raper treasurer.

The expenses of the club for new tapes, tennis and blowing up another court, etc., were estimated at \$50, and the estimate for the year at \$2.50 for a double trial, \$1.50 for single trial, and \$1 for a lady. This would not, according to the probable number of members in right mind the amount of expenses which would be incurred, but it was thought that any deficit could be made in some way during the season, and that the executive would look after that.

The question of the 24th of May was discussed, but beyond the probability of winning a series of games, nothing was decided.

It was decided, that in view of the fact of the loss through collision, of most of the Bashaw players and their supporters, it should be best for the tennis club to undertake the arrangements of the July 1st exhibition this year, and it was placed in the hands of the executive of the club to make the necessary arrangements.

The Imperial Lumber Co., intended five cars of lumber this week.

Mr. Theo. Bashaw was up from Lonsdale Friday and Saturday last.

PROSPECTORS ALBERTA

The permanent government of Alberta is now fully developed upon its map. The district which is now Alberta was for its work in some long before its proclamation as a grain producing country were generally realized. Definite figures of stock production are not so easily obtained as in the case of grain, but the following taken from the Government returns, are sufficiently accurate to give you the fact, viz: the following evidence of development of the live stock industry in Alberta:

	1911	1915
Horse	407,154	523,033
Calves	142,957	210,881
Other cattle	892,168	915,081
Sheep	185,992	210,881
Hog	287,210	400,000

The dairy product of Alberta for the year 1915 was worth \$1,000,000. The production of cranberry butter was in the neighborhood of 7,000,000 pounds, compared with 2,000,000 pounds in 1910.

AUSTRALIA PREPARING

Advice reaching London show that the British Empire will have a reputation on outside markets that serves in the Alberta dairy world to prove his position. The dairy product of Alberta was worth more in 1915 than the entire wool crop of the province—wheat, oats, barley, flax, only ten times as much.

THE CANADIAN CATTLE

The Canadian cattle returns show that the Dominion is enjoying a steadily increasing foreign trade. Outlets overseas for April, the first month of the season, show a marked increase over April of last year, when the revenue was \$6,275, 377, as compared with \$10,446,375 for the month last past.

AFTER THE WAR

A great deal of attention is being directed to the changes of condition of almost every phase of life which will have been effected at the close of the war. In all parts of the Empire preparations are already well under way to take advantage of the special opportunities offered in the way of trade and commerce, finance, and immigration, and the Post conference, another meeting of which is to be held shortly, is working towards the extension of the ties of economic association and unity of action between the Allies after the war.

An interesting discussion on finance during the war took place in the British House of Commons last Friday, bringing to the front some very important points along the line of the preparations referred to above.

Prof. Hume, member for Hants, and a representative of the tariff interests, pointed out, in his address, the tremendous growth of

direct as compared with indirect taxation, and turned the country against understanding Germany's economic strength. He urged that it was an imperative necessity for the government to state its attitude toward the economic and industrial future, and to take steps in the direction of trade preference within the Empire and a preferential tariff in advance.

J. Austin Chamberlain, in reply, made a brilliant speech, which seemed to forebode some kind of economic arrangement among the Allies, and the idea that it would be easier to count upon the rapid economic rise of Germany, and that the Allies would be unable to build upon the Empire's strength than upon Germany's weakness.

Great Britain's tremendous financial resources as compared with Germany's are worth noting, and was also the fact that Great Britain seemed to be leaving the burden without other drains, as was pointed by the Imperial taxation reform, but the nation was using up its resources for war purposes, which would be a heavy burden upon the nation.

Mr. Chamberlain stated that, with all the Empire after the war, how far the opposing political parties could agree on a common stock production are not so easily obtained as in the case of grain, but the following taken from the Government returns, are sufficiently accurate to give you the fact, viz: the following evidence of development of the live stock industry in Alberta:

	1911	1915
Horse	407,154	523,033

More Horses from Canada.

Adverts indicate that a very considerable number of horses for military purposes will be imported from Canada this summer. Having on a somewhat extensive scale to be recommended by the British Government is with headquarters in Montreal. About 60,000 horses have been purchased by the allied government since the outbreak of the war, and over 600,000 have been purchased in the United States. Probably another 20,000 will be purchased in Canada this year, thus insuring a steady supply and continued good prices of horses available for military and transport work.

This will be the largest of troops in Alberta this year, the Edmonton Militia are expected to be very camp at Calgary this week. The efficiency of the whole force should be of greater importance than the scale of any city but it will be held at Edmonton at the present time.

W. C. T. U. NOTES.

A meeting of the W.C.T.U. was held in the Methodist Church last Thursday, but owing to the very bad weather there was only a very small attendance. Mrs. Wright gave a very full and interesting report of the conference at Lloydminster, which was well worthy of a large run to see. The morning session opened with Mrs. E. Sharpe, district president, in the chair. Reports and a paper prepared by Miss Anna Grant, of Wetaskiwin, on the Work of the "Y," was read by Miss Redden. This was an excellent paper, appealing directly to the younger members.

There were 21 delegates attending and a great deal of helpful and valuable work was done. We regret that space will not permit of an extended report.

R. H. Williams has served his first four days in the trenches. Bob says it's great fun. He is well, and wishes to be remembered to the people of Bashaw.

Co-operative Wool Sales.

The Alberta Sheep Breeders' Association has now completed arrangements for their annual sale of wool. Last year, for the first time, the Association undertook to assist its members to get the highest price for their wool, and very satisfactory results were obtained.

The Econ. Dept. of Agriculture supplied grader, free of charge. The Edmonton Exhibition Assn. also furnished a building free where the wool could be graded and stored until sold. Tenderers were also sold from all the big wool-begging houses and an average of 27.27 cents per pound obtained.

This year similar arrangements have been made. Wool will only be handled for members of the association, as last year some of those who obtained bags and twine from the Association afterwards sold through other sources, the Association is this year making a charge of 7% for each bag supplied, this amount being refunded when the wool is sold. The wool is received at the Edmonton exhibition grounds from July 17 to August 1, when tenderers will be called for and it will be sold to the highest bidder. Arrangements have also been made this year for the first time to make to the wool grower an advance of 10c per pound upon delivery of the wool, the balance to be paid when sold. Mr. R. J. Mack, P.O. Box 216, Edmonton, will be glad to hear from any who wish to become members and market their wool through this association.

Council Meeting.

The village council met Tuesday night at the office of E. Bashaw, all being present.

A. L. W. was presented in the form of a letter from the city council for the 17th. It was read and the council passed the same and was referred to the committee on education.

A letter from the provincial government in reference to the sale of land of the province was read and filed.

A letter was read from the provincial government to the council, asking for a statement as to the position between the village and the land company. The secretary reported that the details had been handled.

A petition signed by twelve ratepayers was presented, requesting the council to grant a vote upon the proposed bond law. It was found to be in order, and the secretary was instructed to give notice that a poll would be held on Friday week, the 10th day of June.

The question of the tax enforcement return was then taken up and the proceedings were continued. This was found to be satisfactory according to the act, and that the council were already somewhat late in getting the return through. The secretary was then instructed to give notice that upon Friday, 10th day of June, the ratepayers to avoid the very heavy cost of the proceedings of the tax enforcement return.

One of the council members reported that he had been out to the cemetery and found that a complete survey would be necessary and that he had prepared a plan and would have the plot surveyed and numbered.

ONLY CLUB

The need of an organization or an association of some kind for the young ladies of Bashaw has been felt for some time, and on Monday evening last a few of the young ladies met at the home of Miss Boland to talk over the advisability of organizing some kind of a club. These stippling were enthusiastic for the formation of a club, and it was decided to proceed with organization and to call another meeting next Friday (tomorrow) night at the home of Miss Boland, to which all the young ladies of the town and district could be invited. A president, Miss Leahy, and secretary, Miss Ledgerwood, were chosen, and the idea of the club was to take up needle-work, fancy work, and ball game, etc.

A FREDAR FINED.

A prosecution under the village by-law No. 4 took place Wednesday morning. H. Alay, who gave his address as Bashaw, was fined \$10.00 and costs, or thirty days, for peddling goods without a license.

Beverly Whitby, J.P., tried the case, and Cass Williams prosecuted. The accused pleaded not guilty, but admitted that he had sold some handkerchiefs, and that he did not have a provincial license, nor yet a village license; he said that he did not know it was necessary. He was given until 4 o'clock to pay the fine and costs.

WE SELL PURE PAINTS.

The Function of Paint

It is well the pores of minute openings in a surface so that alternate wetting and drying or heat and cold cannot get through or warp the surface out of shape.

HEATH & MILLIGAN PAINT

Is made of the best of oil and pigment combined thoroughly by powerful—2200 pounds—pressure machinery so that every drop is of uniform consistency. The oil contains air exposure, and with the pigment forms a rubbery film which effectively seals every minute opening in the surface, and protects it from the weather.

Cheap paint is made of doctored oil and cheap coarse pigment mechanically "mixed" together forming a lumpy consistency. The oil, on air exposure, expands and leaves the pigment without a binder, to be washed away by the first rain so to protect your property, you must paint again.

As illustrating the price at which pure paints can be sold, an interesting case is being through the courts in the East. In February last, an advertisement was inserted in a Toronto paper by T. Eaton Co., advertising pure paint at 35c per quart. The Toronto branch of the Retail Merchants' Association took the matter up, and a government analysis was secured which showed the paint to be of exceedingly low value as a paint. The pigment consists essentially of barium sulphate and silicate which have very little covering power. The amount of lead contained is very small indeed. The statement in the advertisement that it contained all that a first-class paint should contain is certainly incorrect and very misleading.

The results of the trial will be interesting to all users of paint.

AROUND THE TOWN

A very large congregation listened to a most earnest and impressive discourse at St. Paul's Church Sunday last.

The continuous medical advice in the 15th stationed at Red Deer, ordered over Saturday last, to return to the city. The doctor, appearing particularly well in his regimental uniform, met with an old camp soldier.

Rev. Huggins, who arrived, but under last from Victoria, preached his evening service here on Sunday to a well-filled church. He returned to Victoria Monday and came back with Mrs. Huggins and four daughters Wednesday.

A new piece of land in the Methodist church bought to sell, was sold by Mr. and Mrs. Huggins, at the conclusion of their ministerial tour.

Mr. A. J. French, treasurer of the Jarvis school district in place of W. A. French, who has moved to Regina.

Mrs. Frank made a business trip to the city Monday in the interest of the Centenary of Missie.

Miss Radtke has nearly finished the erection of one of the finest stock barns in the country.

Mr. Agard, who has been visiting his father, R. Schultz, left for home Tuesday.

The road from the flat right into the hills, as in the shape now, thanks to the excellent grading work done.

I. B. Wilcox is doing good work with the new road grader in the Manitowish district. A grader for the Bashaw district would be a fine investment.

Miss Dick was a Mirror visitor Saturday last.

Bob Williams has been out on a wood buying trip and will ship a straight car out very soon.

Quite a number of friends were down to the depot Wednesday evening to bid good bye to Mrs. Clegg, and to welcome Mrs. Huggins, who arrived on same train.

Mrs. Curtis and Miss Hammond, escorted to Alex this morning for Red Deer.

Mr. Seidl is building a new house on his farm.

A Red Cross meeting was held Friday evening last, when the resignation of Mrs. Curtis and Miss Hammond was received. Faith, regret, Mrs. Rayner was elected president, Mrs. J. Wright 1st vice-pres., Mrs. Rhine, 2nd vice-pres., Miss Cranston hon. secretary.

The Bashaw Star moved this week into the Miller block, and Mr. McKenney moves into the building thus vacated. The interior is being decorated, and fixed up for a first-class restaurant.

The members of the I.O.O.F. moved out to the home of Miss Ethel Ray tonight where a very pleasant social evening was spent in games and contests. It was arranged to meet at Miss Betty Ferguson next Friday, July 7, at 8 p.m.

Mrs. Berger, who is very ill, left on Monday for the hospital in Rochester, Minn.

Calgary newspapers have decided by an overwhelming majority that this is not the time for expenditures even upon improving school buildings.

Advance in Prices of Flour.

For the last six months we have been selling flour at the lowest prices in the city. But the advance in prices of flour has been so great that we have been compelled to raise our prices to meet the advance.

Less than the prevailing wholesale prices.

Our flour is now shipped and sold at a price that is less than the prevailing wholesale prices. This is due to the fact that we have been able to secure flour at a lower price than the prevailing wholesale price.

\$3.25, \$3.35, and \$3.45 per cwt.

These quotations include

Very Close to Wholesale Rates

and will compare favorably with outside prices.

Being so still good at above prices, it will be further advance before the new crop is threshed, at which time there will be a small decline.

PROGRESS OF THE WAR

The French troops, co-operating with the British in the summer offensive, have straightened their line westward to the capture of Barbaix and are now on a considerable advance towards the Rhine. The French light troops, however, have been successful in capturing the German front line, but it is towards the south that the heaviest fighting is under way.

The French are making a steady advance in the summer offensive, but our soldiers now stand between the French and the river Rhine, the last of the enemy's defensive works in that sector having been captured.

According to official dispatches from Petrograd, the steady advance of the Russian left wing, indicates that in a few days their front will assume the form of a regular arc, centred on Leningrad. The semi-permanent fortifications of the Austro-Germans have all been captured and destroyed on this front, where they were planned to hold the Russians while the Italian campaign was in progress.

Reports from Switzerland are to effect that panic has been produced in Berlin by the steady advance of the Allies in France. The newspapers urge the people to be calm, but at the same time point violent protests against the use of asphyxiating gases by the British, which are said to be much more deadly than those used by the Germans.

CROP PROSPECTS ARE AS GOOD OR BETTER THAN LAST YEAR

The crops throughout the province are as far advanced as they were a year ago, said the Hon. Duncan Marshall, minister of agriculture, who was in attendance at the Calgary fair. The crops on the experimental farms are better than they were last year at this time, the cattle are all doing better. The grass is better, and crop prospects are altogether exceptionally good.

C. C. M. C. PICNIC.

A picnic of the greatest importance to all automobile owners of the Canadian constituency will be held on Friday, July 21st, at Miller's summer resort at Bird's nest lake. Invitations have been issued to as many as possible of the car owners in the district, but a general invitation is extended, as it is quite impossible to be sure that everyone has a written invitation.

There will be an interesting programme of sports, and speeches dealing with roads and road building will be given by well informed speakers. An important feature will be the formation of branch clubs throughout the riding, and a good wide representation is therefore particularly desired. The C. C. M. C. are doing a great deal towards creating suitable highways if proper organized methods are employed.

Congoleum Art Rugs

**Beautiful, Waterproof, Low Priced
Ideal for the living room.**

Congoleum Art Rugs have aided in solving what was a perplexing problem to many housewives—how to make the living room cheerful at moderate cost.

Congoleum Art Rugs are made by a new and wonderful process. They do not fade in the sun, lie flat without fastening, and never "kick up." To clean them, wash them, for they are waterproof.

Congoleum Art Rugs are remarkable value.

The waterproof qualities of Congoleum Rugs make them ideal for kitchens and bathrooms, where cleanliness and sanitary conditions are essential.

ABOUT THE TOWN

Mr. Frank went up to Edmonton Saturday returning Tuesday.

Mr. Frank, who is recovering nicely from his recent operation.

Mr. Murphy, who is a practical harness maker, is working for E. J. Hall during Lusher Coleman's absence at the hospital.

Bill Platter, and Luther Cram, who have homesteads near Coal Lake, and Floyd Phelps, who intends taking up one, left on an outfit last week for their farms. Luther will be away for six or six weeks.

Mr. Hall and family and Mr. Crampton spent Sunday at the B. Traver ranch.

We are still awaiting some complaints about the condition of the crossing at the mouth of the town. The rains of the past few days have made it almost impossible to get across, and it is worse strange that a road so much needed should not receive more speedy attention.

Mr. H. T. Richman, was a Bashaw visitor last week-end, from St. Boniface. He is a retired farmer, and is an uncle of Harry Phelps, having also two sons in Canada. N.D. having a bare twelve miles, Mr. Richman is particularly pleased with the Bashaw district, our trees giving quite a home-like appearance to the country. He has been very ill recently and has sold out his farm in N.D., and is visiting friends and relatives in these parts.

Quite a number of Bashaw people spent Sunday at Buffalo lake last week, the day being so fine and the water looking warmed up nicely for bathing.

We were in error last week in stating that Messrs. Schreiner and Boushous had purchased Ford, when it should have been McLaughlin.

The July issue of Road and Glen is replete with material of interest to the sportsman, whether he be fisherman, hunter, dog lover, gun coach or what not. Boushous' article contributes the leading article, "The Pursuit of the Muskquog," F.V. Williams gives a chapter in the adventures life of a Red Fox; Glen H. Barrow relates an experience in which British Columbia sportsmen are attacked by grizzlies; Edmund T. Macle, discusses a fight put up by a wild goose when attacked by a retriever. Other stories and incidents, in addition to the regular departments are: Burns of Bismarck, A Good Friday Visit to Jack MacPherson near Ellersburg, Yankin, the Cape Breton, Minister of Fishing, a Tenderfoot last in this mode of Coast's River, Port Arthur, etc. etc. The July issue is a good one to read into the outer's life when sitting forth on his recliner.

Commemorate the Second Anniversary of War

The following letter has been received from the Lieutenant Governor of Alberta, with a request for publication:

The Bashaw Star, Bashaw, Alberta.

Sir:—

I beg to advise you that I am in receipt of a communication from the United Committee for National Patriotic Organization of Canada, England, in which it is proposed that meetings be held through the Empire on the 4th of August in commemoration of the Second Anniversary of the war with Germany.

It is urged that the following resolution be adopted at all meetings this resolution having been approved by the Prime Minister of Great Britain and the Colonial Secretary.

"Resolved, that on the second anniversary of the declaration of a most righteous war, this meeting of the citizens of Bashaw records its official determination to maintain on a victorious end the struggle in maintenance of those ideals of Liberty and Justice which are the common and sacred basis of the Allied."

My Government heartily endorses, and we trust that meetings may be held wherever possible throughout the Province of Alberta and the foregoing resolution enthusiastically carried.

May I ask that you will advise me whether or not such a meeting will be held in your community.

Yours faithfully,
R. G. BRETT
Lieutenant Governor

THE NEW PERFECTION OIL SUPPLY SYSTEM INSURES A STEADY EVEN FLAME

This flame is the secret of the popularity of the New Perfection. As quickly and as easily regulated as gas, it insures perfect heat for any cooking.

It can't creep up or down. It stays just where you put it. It won't smoke or hiss.

Of General Interest.

The Petrograd correspondence estimates that Gen. Von Linow's (German army), which has been beating the huns of the Russian counts has lost 50,000 men, or one third of its whole effective force. It is further reported from Petrograd that the main Russian forces are now only some miles from the Hungarian frontier.

The execution of Roger Casement has been set for August 3rd, in Pentonville prison according to the Daily Mail. Efforts to save his life have not been abandoned.

AROUND THE TOWN

Mr. Conn. who has been employed by the Imperial Lumber Co. at Hagersheim, has been transferred to the Company's ranch here at Bashaw under Mr. Foster.

Services at the Methodist Church will be held on Sunday at 8 p.m. Sunday School at 10:30 a.m.

The Finnish branch of the Edmonton City Dash, through their manager Mr. Seckelstedt, took first prize over everything at the Edmonton exhibition, for cranberry butter all the different cranberries competing, and it was no small victory for Mr. Seckelstedt in face of the heavy competition.

Miss Margaret Clarke, of Vancouver, and Mrs. Geraldine Bolton, of Calgary, aunt and cousin of Mrs. Pond, are visiting at Mrs. Pond's this week.

All roadstead to Bashaw August First. Come and enjoy a big time.

More than 21,000 merchant ships, apart from men-of-war, have passed through the Dover strait during the past six months, with only loss or damage of 21 by the enemy.

The Credit Men's Association of Alberta, who follow very carefully the crop and other conditions in the province, report that conditions were never better. Crops are a little later than last year, but are catching up.

Average is a little less than last year, but other conditions as to stock, hay, etc., counterbalance. Trade through the country districts is very good.

Arrangements have been made by the department of finance for the appearance next week in all Canadian newspapers of the first advertisements of the Canadian war loan to be floated next September.

Big Day at Bashaw

Red Cross Picnic Was a
Huge Success.

The Bashaw Red Cross Picnic on
Tuesday was a huge success from
every point of view. The hard work
put into the different committees
disseminated by a big turn-out
many coming from Mirror and
the neighboring districts.

Some of the four hundred were
present on the field kindly lent by
Mr. R. J. Hottel, and the weather
was all that could be desired, and
it was enough to keep the young ladies
at the picnic stalls pretty busy.
When commenced at the time of
fourteen minutes drawn up, a
round the diamond, it was hard to
realize that not so very long ago
many of the same farmers would
have been seen driving into town
with a team of oxen.

The baseball game between Mirror
and a team gathered up in the
neighborhood of Bashaw, the Bashaw
players being mostly at the front
field themselves for most of the after-
noon, and many of the old-time
fans had an exceptionally close time
to stretch their limbs. Some strokes
of good play, and some come-outs
were witnessed. Mirror finally put-
ting on over the head boys. During
the game Max Woodward was unfor-
tunately hit on the back of his neck
with the ball, though happily no
serious damage was done.

The shooting attracted many of
the crack shots of the district, and
a stiff fight was kept up for the
prize of ten per cent of the total
afternoon's takings. Jim Wright
held the lead for some time with a
score of thirty-five, but the others
giving to work, one Raemer and
L. Huddle held it at forty-one
each, and Roy Zachary finally cap-
turing the prize with a score of forty-
eight.

The sports were somewhat delayed
by the ball game, and had to be
run off hurriedly just before supper.
Only three ponies turned out for
the pony race, and three heats were
run. Adolph Schultz's pony and J.
Neutling's grey had a stiff fight for
first money, the grey doing slightly
better than Manfred. A straight
tie was declared, first and second
money being divided.

The men's race went to Red Sim-
mons, and the heavy-weight's race
to N. J. Holt. The boys' race was
won by Bert Zimmerman, and the
small boys' went to Jay Cowan.

The ladies' race was won by Miss
Berquist, and the small girls' race
was won by Lillie Scholtz.

The jumping attracted a big crowd
Red Simmons leading throughout,
but being heavily contested by N. G.
Holt and Roy Zachary.

The Lyric Hall was filled to capacity
in the evening, when Private
Peat, Wells, and Jerec entertained
the audience throughout with items
of a military or patriotic nature.
Private Peat, by request of the audi-
ence, gave the splendid description
of his war experience in the trenches,
and of the Canadian's fight at Ypres
in which he was engaged.

Mr. J. Stevens took the chair, and
introducing the soldier boys to the
audience, made a few appropriate
remarks suitable to the occasion.
Mr. Stevens is filled with patriotism
for the cause, and was right in his
element.

The handsome sum of \$200.00
was added the local funds of the
Red Cross, and much praise is due
the different committees, who all
worked so hard.

NOTICE.

By decision of the Privy Council taken from the province of Nova Scotia, land held on lease from the Dominion government may be taxed in the ordinary way. Many cases were pending this decision, which is of great interest to municipalities in Alberta.

The mine operators and mine workers of Alberta are leaders in the important negotiations in regard to the adjustment of labor troubles and wages. An agreement is still in force between the operators and the miners, but owing to the unprecedented state of affairs this decision, which they are unable to stay with the agreement.

The head offices of the farmers' organizations in the three provinces announce that there will be a very serious coal shortage in the west this year according to the present outlook. A large number of miners have enlisted and other problems have arisen in relation to reducing the output of coal and prices are going up.

After a great deal of agitation and investigation, it has been announced that the Lee-Edell has been authorized for the Bow rifle for use in the Canadian army. No explanation is available as to this final decision, but it certainly seems reasonable to suppose that at least one of the many objections raised against the Bow rifle were sustained.

The Dominion Government has appointed a commission to investigate the railway situation in Canada to show clearly the financial condition of the Grand Trunk Pacific and Canadian Northern railways, as well as to report on the advisability of nationalizing all Canadian railways.

INSURES A STEADY EVEN FLAME**

This flame is the secret of the popularity of the New Perfection. As quickly and as easily regulated as gas, it insures perfect heat for any cooking.

It can't creep up or down—it stays just where you put it. It won't smolder or sputter.

The New Perfection never flicks, blows or roars. It is, in fact, a burner that is a steady flame.

Patriotic Meeting

Second Anniversary of War

In connection with the third anniversary of the war, meetings are being held all over the Empire for the purpose of raising together the widely scattered peoples into one mind and purpose towards the prosecution of the great struggle.

Bashaw, which has already proved its loyalty with men and money, will hold a meeting in the Lyre Hall, tomorrow, Friday evening, at 8 o'clock, when the following meeting will be held:

Resolved that on the second anniversary of the declaration of a most righteous war, this meeting of the citizens of Bashaw recognize its indelible determination to continue to be victorious and the struggle in maintenance of those ideals of Liberty and Justice which are the common and sacred cause of the Allies.

Several speakers will be present. Mr. A. F. Smith, M.P., has promised to be present, or to provide a good substitute. Refreshments will be provided free, and a short programme of songs, etc., has been arranged. A cordial invitation is given to all.

WATERGLEN NEWS

Mrs. O. W. Johnson entertained a number of the young folks for a dance at her home on Thursday evening last.

Miss Eunice Holten of Ponoka, spent last week as a guest at the Holten home.

The auction sale at Boddy's on July 25 was well attended, and prices ran well considering the time of year.

On Saturday evening the Water Glen Foot Ball boys wound up this season's pleasure with a little game among themselves, after which refreshments were served and a social evening spent at the hall. The boys are to be congratulated on their many successes this season.

Mrs. C. A. Johnson is enjoying a visit from her mother, Mrs. Chas. of Millet.

Pro W. Boddy of the 187th Battalion, Battle Camp, visited with his brother Ed Boddy last week.

Miss Jeanne Cole is at present visiting in Ponoka and vicinity.

On Monday night the many friends of Mr. and Mrs. Boddy and Mr. Billingsham of this neighborhood, gathered together at the hall to give them a farewell party. A number of guests from their neighbors were each presented with a gift. Mrs. O. F. Boddy, with a few well chosen words, made the presentation, after which each of the recipients responded. Refreshments were made by Mr. Boddy and Mr. T. Phillips, refreshments were served and the rest of the evening was spent in enjoying the light entertainment.

The Ladies' Aid will hold a social sale Aug. 15 in Mack's old restaurant. It is at the residence you will find a dish of ice cream.

OTTAWA.

AROUND THE TOWN

Mr. B. E. Bunnell returned Wednesday from his visit to the States. He reports very bad weather down there and was glad to get back into our fine climate again.

The Wall's making regular visits to Bashaw every Wednesday and stopping overnight at the hotel. Arrangements can be made for future dates to be required in future.

Miss Maple Street is down at the show for the fall fair.

A number of our young people went to the dance at Wednesday last night, returning in the morning hours.

John Scudling's new car was delivered this morning, getting his hand crushed by a gasoline tank.

Mr. and Mrs. Howe are down at the hotel this week.

Mr. C. G. Connell writes back: "Will you kindly inform the anxious friends who surround me that on the afternoon of the 21st day at two o'clock I had to receive the highest appreciation of the able assistance Mr. Williams was able to render. He exhibited great skill in the handling of the powerful machine, being absolutely fearless and determined, letting nothing daunt him and exhibiting a dash that equalled success and that conquered and overcame every obstacle in the road. There was but one regret, that the fact of the time, not of the driver. After that I have the nearest to a flying trip I ever had, and for speed and enjoyment, and for that privilege I am very thankful to the people of Bashaw. You are to be congratulated on having in your midst such an unexcelled driver as Mr. Williams and I trust his shadow may never again leave."

GEORGE ITEMS.

Harmaking time.
Ding the roads.

Good road work has been done under the supervision of Philip Nels.

The Children's Day program at the George B. B. was well received to a full house.

Mr. King, Dr. R. R. man who has been visiting Geo. Adair in his farm recently moved to Mirror.

S. Amott has been working for the past month on the C. B. Brewster modern house.

Misses Fern Crooks and Fay Carter drove to Mirror last Wednesday on business.

W. H. Hawkins and Geo. Peters are putting up hay near Lumberton.

Philip Nels spins over the arena quilts often in his new car.

H. O. Land has finished remodeling his home.

Mr. Carter sold a load of wheat early in the week, and later his son Joe, took a load of home to Bashaw.

George Nels and family spent Sunday in Lumberton.

Mr. P. B. Crooks and children visited at F. P. Sharp's last Thursday.

Mr. C. H. Price and family have moved into the Joe. Adair house to assist him in farm work and help build the new house that is nearing completion.

Clyde Bowers and family settled at Bashaw last Sunday, spending dinner with Mrs. Bowers' sister, Mrs. J. Johnson, east of town.

Mr. and Mrs. Carter, Miss Fay and Master Robert spent a quiet day at the home of P. B. Crooks last Sunday evening.

W. H. Hawkins and family had dinner last Sunday at M. D. Sharp's home.

Quite a number of the people of the vicinity attended the dance at Bashaw, Aug. 1, all reporting a good time.

NEW LEADER FOR THE FRONT

The following letter received by
our boys at Calgary from Kin Char-
lemagne, was forwarded to us by Duke
and it is so interesting we publish
the whole of it.

On Train, New Brunswich, July 28th

Hello Boys,

As we are nearing Halifax, I'll
tell you the details of the trip,
according to my opinion.

As you know, we left the ship
with a band, which played as
we went along.

For about an hour and a half, and
the boys put it in according to their
individual talent. Picking in again,
we had our little band out and
led them on the train.

We now stood and shook hands with
all and sundry, many of whom
were new to us.

Some of them were very kind and
helped us in many ways. We were
treated, and then began the scene
for the first time.

That is most have been a long time
ago, tonight boys.

We were selected three to a section, two
to sleep lower, one above. Below
the top berth were seldom empty,
many were sleeping most of the
night.

The crowd followed us to the cars
and right here boys, take a tip from
a friend, and do have your eyes
on you off. Have friends of the
same kind, though, or you'll feel
deadly tired.

Cap Officers, and one or two of
the other men there, then, shaking
hands, we were all up, but some
of the boys' wives insisted on
coming.

We reached Montreal, and
joined up with the boys, and
started to go through the new
country and are still at it. We
can't seem to make any time, the
people speak French, and we stop
about 35 minutes every half-hour.

There are some iron troops on the
road, and this makes it hard to
travel, but we are all well and
happy.

KEEN LEADERS FOR THE FRONT

The following letter received by
our boys at Calgary from Kin Chan-
sen, was handed to us by Dale
and it is so interesting we printed
the whole of it.

On train, New Brunswick,
July 28th.

As we are nearing Halifax, I'll
tell you how the training is going,
according to my promise.

As you know, we had the most
helpful and kind, which played us
to the station. We were dismissed
for about an hour and a half, and
the boys put it in according to their
individual taste. Filled in again,
we had our first dinner in the
mess hall, and then began the training.

We then stood and shook hands with
all and sundry, means that we
were very happy and that night
after they thought we had had
enough of the good time, we were
instructed, and then began the training.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATION

The land of a family, or any male over 18 years old, may homestead a quarter-section of available

homestead land in Manitoba, Saskatchewan or Alberta. Application must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (not Sub-Agency), on certain conditions.

Data—Six months residence upon cultivation of the land in each of three years. A homestead must be within nine miles of the homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where no residence is performed in the vicinity.

In certain districts a homestead in good standing may pre-empt a quarter-section of available homestead land. Price \$1.00 per acre.

Quarter-sections available in each of three years after arrival. Pre-emption may be obtained as soon as homesteaded, on certain conditions.

A settler who has exhausted his homestead right may take a pre-empted quarter-section of available homestead land. Price \$1.00 per acre. Quarter-sections available in each of three years after arrival. Pre-emption may be obtained as soon as homesteaded, on certain conditions.

The area of cultivation is subject to reduction in case of road, railway or other land. Live stock may be maintained for cultivation under certain conditions.

WATERLOO NEWS.

The pupils of the Fair School were invited to Mrs. Root's on Saturday last to receive lessons in cooking. They were three now of the day and returned feeling that they had not only received valuable information in the culinary art, but had been royally entertained.

Mr. Bergrstrom of Winnipeg has been visiting at C. A. Johnson's.

Mr. and Mrs. Boddy have been visiting their many friends in Waterloo and have now gone to reside in Red Deer.

Nelly and Preston Boddy spent the week-end at Ponoka.

Mr. and Mrs. Kallman and Mr. and Mrs. O. W. Johnson were the guests of Mrs. Duffin on Sunday last.

Pro. Boddy from Sarnia visited at Battle Lake Ranch last week.

Miss Emile Carlson called on Bertha Boddy, Saturday.

Mr. C. A. Johnson entertained a number of the girls to a luncheon in honour of Miss Bergrstrom on Tuesday afternoon.

Mrs. Phatcock visited at Hawk-ey Ranch on Sunday.

All are looking forward to the 44th day with Dr. Allen, of Alberta University, Saturday, Sept. 10th. Everybody welcome.

AROUND THE TOWN

Mr. C. E. Demerit, special agent of the C. P. R. Department of Natural Resources, visited Bashaw this week in connection with the Bashaw Extension of Settlement Club. With the ever increasing prosperity of Alberta, and the great influx of settlers expected after the war, the C. P. R. who are always to the fore with any scheme which works for the settlement of the west, are already in the field, trying to put new life into the various organizations which during the past two years have been allowed to lapse.

Mr. and Mrs. J. Marshall are visiting Bashaw this week. Pro. Marshall who is looking fine and fit as a result of his training, has received a month's furlough, and is reviewing old associations. He expects to be called up any time to leave for the front.

Two well-fed looking little chaps dropped off the train Monday night, looking greatly benefited by their trip to the coast. Ormond Whitley and W. Goldie they were, and they had a fine time, due weather and high living.

Mr. Hamby, of Edmonton, who is well known in this district, was a visitor for a few days last week.

A baby girl was born to Mr. and Mrs. Harry Florin, Thursday last, the 17th August.

Mr. and Mrs. Stynes visited Muncie Tuesday for a few days.

Arrangements are being made to give the school children a sports day and picnic next Friday week, Sept. 8. Parents are invited to come and bring or send lunch baskets. Candy will be given to the younger children and good prizes awarded for the older ones. The hat will be passed around to define expense and the children hope that sufficient will be raised to leave a little over towards the purchase of a football. Everybody come and help give the children a good time.

Corporal Moss was down this week in connection with a case of lumbago which will come up for hearing Wednesday next.

We are sorry to learn that both Mr. and Mrs. Foster are under the doctor's care. Mrs. Foster is suffering from tonsillitis, whilst Mr. Foster has an attack of nervous prostration. Summary of current events: Morning Service, 11 o'clock; Sunday school, 10:30; evening service, 8 p.m. Wednesday evening, bible study and piano service.

AROUND THE TOWN

Mr. and Mrs. Connor, who have been out on their farm this summer, returned to town Saturday last.

Mrs. Annett and children, James and Charlie Ledgerwood went down to Mirror Wednesday.

Miss Marie Miller, who has been out at L. Wilson's for some time, returned home this week.

Mrs. Schuch made a business trip to Edmonton, and Mr. Schuch paid a visit to the dentist at Camrose this week.

Mrs. Winder and two children, of Salt Lake City, is visiting her mother, Mrs. Hines.

Miss Dorothy Donald, of Mirror, is visiting Miss Stevens this week.

Miss F. Scott, of Delburne, is visiting at Mrs. Geo. Ford's.

Mr. and Mrs. Pond and Mr. and Mrs. Macdonald spent Sunday at the P. H. Jackson home.

Pro. A. Williams is up from camp spending his holidays at Bashaw.

Mr. Geo. J. Perry, from the coast, is visiting his sister, Mrs. Livingstone Deeken.

Pro. Marshall entertained his old pupils at the school Tuesday afternoon with a talk about his work at Sarcee Camp. The children were highly interested and were glad to meet their old principle once more.

F. Kuback, J.P., of Ferrisburgh, and Corporal Moss were down on Wednesday in connection with the case of assault brought by J. P. Naudum against W. W. Scott. Mr. Scott pleaded guilty and said that the trouble arose over the question of a fence between their lands, and that the argument getting pretty warm, he threw Mr. Naudum off the sidewalk all right.

The magistrate said that there was a law for the settlement of grievances, and that no one is allowed to take the law into their own hands; he would impose a fine of five dollars and costs.

The annual meeting of the shareholders of the Bashaw Farmers' Co-operative Society was held last week when the election of directors for the coming year took place. John Jarvis occupied the chair, the meeting being held at the company's elevator. The directors for the year were elected as follows: J. Jarvis, Geo. Wells, W. W. Scott, J. H. Marshall, J. Windsor, Philip Selig, J. Stevenson.

W. W. Scott and Geo. Wells were appointed to the convention in Calgary, with J. Windsor to take the place of either not being able to attend. The question of receiving a coal shed was introduced, and the festival committee was asked to take it up and handle coal at Bashaw during the coming winter.

COMMUNICATION

To the Editor, Bashaw Star:
What is Bashaw going to do to welcome the home-coming of our boys? It is rumored that some are on their way home, unable any more for active service. Why not show our appreciation? Bashaw being one of the foremost towns to help in everything patriotic, let us do something to welcome the boys home. Let a committee be appointed by the council to arrange a welcome home demonstration. Other towns are doing it. Why not Bashaw?

CONGOLEUM RUGS

Waterproof Durable Sanitary.

Rugs are the most convenient form of floor covering. Before the introduction of Congoleum Rugs the high price of many rugs had been a drawback. Congoleum rugs have set a new standard of great value for very little money. Equal to woven rugs in attractiveness and much more easily cleaned. There are two grades of Congoleum Rugs—first and most important are the Art-Rugs.

Congoleum Art-Rugs.

Congoleum Art-Rugs are taking the country by storm. We have had to build two new plants to keep up with our orders. Buyers were quick to recognize the rare beauty of Congoleum Art-Rugs in design and colours. The accompanying illustration gives but a faint idea of their real beauty, as this cannot be shown on the printed page. You must see the rugs at your dealers. They are not only artistic but very inexpensive.

Durable and Sanitary

The durability of Congoleum Art-Rugs is also surprising. They wear well and are waterproof and sanitary. To clean them merely use a damp mop—no dusty sweeping or brushing required.

No Flats Without Fastening

Congoleum Art-Rugs lie flat without fastening. Cannot curl or turn up at the corners or edges. They are the work of famous rug designers. Made in many different patterns, in only two sizes and priced as follows:
9 feet x 14 feet, \$11.00. 9 ft. x 12 ft. \$12.00.

The Threshers' Lien Act.

With that the threshing season is
approaching every owner or operator
of a threshing machine should read
"The Threshers' Lien Act" carefully.

In the first place it provides that
every thresher, whether he does
season work or threshes his own
crop, must each year before
commencing operations register his
machine with the Minister of Agriculture,
at a cost of \$1, and procure a
certificate of registration, which
shall be kept posted in a conspicuous
place upon the machine or upon
the trailer during the whole of the
threshing season. From the wording
of the Act it would appear that
if the certificate happens to be re-
turned or accidentally lost the owner
would have to send and get a new
certificate. For failure to register his
machine the offender loses his
right to a lien for his season, and is
liable to a penalty not exceeding
\$25 and costs.

But some may ask why a
thresher should pay \$1 to register his
machine. This question is easily
answered. The Hon. W. A. R. G. G.
provides that every thresher shall
thoroughly clean his machine
both inside and out, and all his
wagon racks, after threshing each
year, and shall clear the grain
threshed by him so that it will not
contain more than 100 weevils per
bushel, other than wild oats, in 1000
pounds of grain, and shall display on
his machine a card containing the
statement of the Act referred to.
For non-compliance with the provisions
of the Act the thresher is liable to a fine of not
less than \$5 nor more than \$500
and costs. Everyone will admit that
it is in the interests of the country
to prevent waste from weeviling,
and in order to meet out the waste
and reduce the loss, it is necessary
to have the thresher
The thresher gets absolute protection
before everybody, and all for
the sum of \$1.

Simultaneous with the beginning

of the shooting season, the Bashaw

have recommenced their drive and secured

the satisfactory load of 10,000 prisms

on the first day. They think slack

about any day.

The Greys are in revolt at Bala-

ha right, and things are not

improving every day down there,

but the funny part of it is where in

the Greys King.

The Allied fleet with enormous

PROGRESS OF THE WAR DAY BY DAY.

Friday. 25th. The British forces were last consolidating the positions taken and also captured another strong position south of Biograd, which was in a previous day. The Russians all along their line are making progress and it was given out by the H. C. Bulletin (22000) prisoners their great offensive began. During the two days they drove an area of 11 square miles was taken and 11111 were captured.

Saturday. The British are reported steadily pushing forward toward the Promis-lagunne road and the to main line north of Canada. But weather is hampering operations but preparations are going on for another drive before the Germans have time to recover from their beating of last week.

Sunday. British and French continue game to the north of the Sauer river, the Russians began a new thrust towards Lening. The to main line north of Canada and out of position near Staff-Belade. The British also push forward between the Sauer and the French took to main line near Mural and they. Russians report having made gains along the K. N. railway, north of Lening.

Tuesday. The British advance line are now only two miles from Biograd. The French are improving their position, making further gains, and taking some prisoners. Russians have started an advance and threaten the isolation of the German, Bulgarian, and Turkish troops operating against Romania in the north.

Wednesday. Thursday. Heavy rain are hampering operations on the British and French fronts. But the work of consolidating gains is going on. Violent fighting is going on on the Russian-Rumanian front and the Rumanians are across the Danube into Bulgaria.

BASHAW BOYS PAY THE PRICE.

The war has been brought nearer home this week to the people of Bashaw, and once again we have been reminded of the terrible struggle in which the nations are engaged.

Word has been received of the death of Guy Davidson, of the 51st, killed in action. He joined at Edmonton, going out to the front this spring, and was well known in the district, having worked around Bashaw for two years previous to his joining the forces. He came up from Kansas to these parts.

J. Miller, is reported missing. He joined at Edmonton, going out with the 41st this spring, and was reported (arrived) in the 14th Montreal Regiment since Sept. 7th. He was well known around Bashaw, and all hope that reassuring news may soon be received.

Mrs. Shipley, whose husband was engaged early in the year in three, and was invalided home, has received word recently that he is still in hospital in England, and that he is unfit to travel. Mrs. Shipley is waiting to find out if there is any possibility of his being able to stand the journey, and if not she will leave at once for England.

Mr. D. Horton's son, R. W., and his bride have been visiting at his parents' this week, leaving for Edmonton, where they will settle down. R. W. Horton enlisted in the early part of the war, and has seen some fierce fighting. Going out from Vancouver with the 14th, he was first wounded in the hand, getting again into action he came through the battle of Ypres, this time with both legs smashed, one in three places, the other in two places. He was in hospital in France for some time, and so soon as possible was removed to the Oxford hospital in England, getting home again four weeks ago, when he at once sought out his old sweetheart, and they were married at Kamloops. Their first visit was to the old folks, then to Edmonton as stated above.

Daily Day at the Methodist
Sunday School.Bells toll broadcast out all the
children Sunday morning last to the
Methodist Church, when a very
interesting programme took the
place of the ordinary service.
The children had been practicing vocal
duets, which were nicely sung,
the children being accompanied by
the choir.The Twenty-third Psalm was
read by Edith Leachley.Edith Leachley, Loretta Horton
and Ella Schultz, and recitations
were given by Lillian Bales, "The
Children's Prayer," and by Lillian
Leachley, "The Victim." Rev.
Jack W. Bailey also recited "The Mis-
sionary Hymn," and "I Pledge."
The choir sang "I Pledge."A. J. Frank was given by Mr.
H. H. Johnson. Address—were
given by Mr. Frank and Mr. H. H.
Johnson, and Mr. H. H. Johnson.Washers will learn with inter-
est that a gold medal was awarded to
the Canadian Pacific Railway for the
excellence of its exhibit at the Un-
ion exhibition a few weeks ago.The gold medal was for the exhibi-
tion of grain display, which was given
in Western Canada, and was repre-
sentative of the various grain crops
of the Western Provinces. The display
at the exhibition at the Exhibition
was as high as 75,000, and a very
great interest in the agricultural
possibilities of Western Canada was
shown by the exhibit.\$50.00

PROGRESS OF THE WAR

Friday 25th. A German torpedo boat destroyer's attack was made on the British Channel series, resulting in the loss of two of the German boats. One British destroyer and a transport were sunk before the German was driven off. The British kept off attacking forces to the north and south, whilst in the East Valley the Romanians even in the advance. Bad weather in the North Sea operations on the Western front. The Russians and Romanians are winning success along the Transilvanian front.

Monday. British and French have thousands further progress on the Western front, taking 140 prisoners. The Romanians are still retreating. On the Transilvanian front the Russians and Romanians are still operating successfully.

Tuesday. The Allied forces have continued their offensive in the Flanders, the Germans by a tremendous effort, recaptured from the French portions of trenches south of the Somme. The situation between Norway and Germany appears strained almost to breaking point, and U. S. is again strained at the base of American opinion.

Mr. and Mrs. Bunelle, Miss Dick and Miss Ledgerwood motored down to Red River on Sunday with Mr. Harrington.

Mr. Spencer Lawrence of Stettin, and his sister in law, Mrs. V. W. Lawrence, of Connet, Alta., who is on her way to her new home in Mildred, Sask., spent last Sunday in Bashaw visiting Mr. and Mrs. Hines.

Miss Woods made a visit to Ponsda Sunday with Mr. and Mrs. Zachary.

Mr. Bashaw motored to Waterton on Sunday, spending the day at C.A. Johnson's.

Mrs. J. Louthier moved into town from her farm this week and is living in Rt. Don's house.

Miss Alice Jarvis left Thursday last for Edmonton, where she is attending school.

The Romanians are being assisted in their valiant fight against Germany's endeavor to crush her quickly, and 120 aeroplanes arrived from France last week. British planes are also being sent.

Conscription in Australia has been defeated in the referendum by a small majority.

Germany holds 30,101 British prisoners, and Britain holds 29,723 German prisoners. Negotiations are being continued for the exchange of all military units.

Consent with the granting of concession to the trainmen of the C.P.R., the C.N.R. and G.T.P. trainmen have asked for increases.

An attempt was made recently to assassinate William Morris Hughes, the Australian premier, at his home in New Victoria. A man is said to have forced a window at night and to have fired a revolver shot into the premier's bedroom. The bullet did not take effect. The would-be assassin escaped.

Dr. L. Wright, Dentist, will visit Bashaw from Tuesday, November 7th, to Friday, November 10th.

Dr. Shore, of Alia, announces this week that he will visit Bashaw every Friday morning, referring to Alia at 2.30. He will make his headquarters at Wagner's Drug Store.

MORTGAGE SALE OF FARM PROPERTY

N. B. BASHAW, ALTA.
Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by The Titles Act under a certain mortgage which will be produced at the time of the sale, there will be offered for sale by public auction at the Alberta Hotel in the Town of Bashaw, Alberta, on Saturday the 25th day of November 1916, at 1.30 o'clock in the afternoon, the following property, namely:

Portions of the Northwest quarter of Section Twenty-two, Township Forty-one, Range Twenty-one, West of the Fourth Meridian, not covered by the waters of Mitting Stone Lake, containing about one hundred and forty acres, excepting mines and minerals.

Terms of sale to be tenancy per cent cash at the time of the sale and the balance according to the terms and conditions to be made known at the time of the sale or upon application to the Vendor's solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances.

save taxes for the current year or any seed grain lent that may be outstanding.

The vendor is informed that the above property is situated about three miles from Bashaw and that one hundred and ten acres is good arable land, twenty acres of hay land, ten acres of scrub land. The property is fenced on three sides and is situated less than one mile from a school. There is only a small stock out of much value on the property, and there are twenty-six acres under cultivation this year.

For further particulars and conditions of sale apply to Messrs. Trenchard, O'Connor & Company, Edmonton, Alta.

Dated at Edmonton, Alberta, this 16th day of October, 1916.

SUBSCRIBER, O'CONNOR COMPANY, Vendor's Solicitors.
Approved, "B. J. Hamilton,"
A. Deputy Registrar.

as a young girl. We have had read, more of satisfaction in the shape of new subscribers and renewals, and hope to shortly increase our advertising patronage, which will also mean an increase in the size of the paper. For we think all will agree that a newspaper with no advertising on the front page, appeals to the reader, and on the latter depends the advertising value of any publication to the merchant and advertiser. We may frankly say that any appreciable increase in volume of advertising will, for the reason that we intend to keep our front page clear, mean an increase in the size of The Star. Mr. Merchant, send in your advertisement now and make us do it.

When we arrived here we heard a lot about those who had paid in advance to The Star, and were asked what we were going to do about this. We stated we would continue to send the paper. We would not say, however, about a subscriber being allowed to read the paper in advance. A re-arrangement of the subscription list shows that quite a few have not paid in advance. We are sending notice to those and hope there will be a big and prompt response.

The days of the "monthly" in Alberta and Saskatchewan are over. Those who were called off at the suggestion of the provincial governments, but in fact as Alberta is concerned this is denied. No matter how capable a business they may be, the commission appointed to manage a system of public subscription will have a difficult task ahead of them if they are to gather together a body of men capable of success to the boys in the market.

But this can be done. We have no doubt, but there is considerable more danger of political influence, is much to be preferred to that followed in British Columbia where the provincial police, but under orders from a chief appointed by the government in power. It would not be surprising if the abolition of the press and public drinking in both these provinces had something to do with the call of the B.N.W.P. to order on the part of the Dominion government to compel the provinces to return their own Liquor Acts, a feeling that there will be too much for police paid under a new condition, we cannot wait a second.

OVERSTOCKED WITH HEATERS

Stocktaking

Does more than tell an intelligent business man how successful his last year's business was.

We have also found out, for one thing, that no overstocked in leading stores last fall.

Our Experience Tells Us

That it does not pay to carry over a large stock of heaters to another year. Interest on out in inventory, floor space, maintenance, etc., brings the cost too high.

Your Good Sense Will Tell You

That it will not pay you to live in a cold house when you can buy a new heater practically at cost. Nor will it pay you to take chances on a floor by using a burnt-out stove.

Mr. and Mrs. D. Sutherland, at a reception held by the employees of the Manning-Sutherland Lumber Co. at Camrose, previous to their departure for the colonies and California points, were the recipients of a wine wish and farewell.

By mistake the name of the author of the poem on the death of Mr. Wm. Dixon was made up by your Miss M. E. "Winter" instead of Miss Winter. Must have had winter on the brain during that cold snap.

Would a Creamery Pay at Bashaw?

A couple of weeks ago we gave figures to show the remarkable growth of dairying in the Bashaw district, as shown by the cream shipments.

It is an open question as to which is the more profitable for the farmer, to sell his cream to the creamery or have the finished product manufactured locally.

Don't forget that The Star does class printing.

Mr. J. H. Foster returned Saturday from a brief visit to Edmonton.

What's the matter with the old ferry-boat at Waterford? It will be placed to make arrangements for a new service from the point north.

Wm. Ray returned on Friday from Illinois, where he had gone to attend the funeral rites of his mother, who died here about three weeks ago. The body being sent to her old home for interment.

Quite a number attended the meeting at the church, Tuesday evening, all were pleased with the progress. In addition to naval pictures there were slides of persons connected in the war and trench fighting. Also a feature entitled "The Underground," and a couple of comedy films.

Exchange, 100 acres of land near Waterford, Alta. being for sale or will exchange for business or residential property in Bashaw. Apply at The Star office.

Extra, on premises J. Harold Smith, 400 E. 2nd St., Wm. Ray, has now, on law, right hand side of white, over north side, about 10 years old, bandaged right shoulder over one eye, injured. Jan. 22, 1914, band order, \$100.00.

STRAYED—From the premises of H. A. Hart, 5 miles S. of Bashaw, in October last, a bay horse and riding two years old, no brand but from testing short and rail for age. Reward for information leading to recovery: H. A. Hart, Bashaw, P.O.

EDITORIAL

THE gathering of delegates in

Bashaw last week passed with

real resolutions of the expression in

their views on the two hospital

question which cannot yet be

settled. It is possible that these meetings

were called while the Bill is in

stage so that the feeling of the people

as given through their representatives

might thus be obtained. These

meetings were practically unanimous

in feeling that the government

in laying out districts and

especially in overruling hospital

committees, should forget altogether

the business of electoral districts

or other definite lines, taking into

consideration principally the needs

of transportation, density of population

and possibility of future development.

For instance, a hospital

plans, and with such an institution

being established in Bashaw being

with a medical practitioner, we

would have one of the highest

standings

We understand that last year

delegates were taken to form an

agreed-upon plan for the Bashaw

district with the idea of holding

an agricultural fair, showing

machinery, but that the politicians

were not completed in time to hold

an exhibition last season. With

the view of organization then laid

out, no time should be lost in

finishing it up. The dates of

holding the province will

be shortly set, and arranged in

advance, and if Bashaw is to have

a fair in 1917, and completed

plans, it is time to get busy.

The farmers, in whose hands the

business will be largely in the

hands, no time should be lost

now than they will have some

work completed.

LOCAL and

Mrs. J. A. Wren is visiting friends at Calgary for a few days.

C. H. Leathley went down to Calgary on Saturday on a business trip.

E. Bashaw returned Saturday from a month's tour of the coast cruise.

Mrs. H. O. Lund and son, George, are visiting friends at Stettin, Alta.

An enjoyable time is guaranteed for March 2nd at the masquerade. Will you be there?

Mrs. W. W. Scott went down to Morris on Saturday's train to spend a few days with friends.

Only another week to get ready for the big masquerade ball. Friday, March 2nd, is the date.

The Canadian Red Cross hockey team arranged to play on the local rink on Saturday, was postponed on account of ice.

Thos. W. Harrison, of Bashaw, has won a silver trophy for his team in the hockey tournament. He was named MVP for his team.

W. Scott and A. J. White had a nasty drive home from Stettin on Friday. Remarks were made that it was a great risk crossing the lake in such a storm. But A. J. is a sport, and asked great changes when driving on Sunday.

The children of the Bashaw school held a Valentine party on Friday afternoon. Each child made and placed in a "p. r. office" box from one to a number of valentines for the teachers or their companions, and during the afternoon these were distributed. Thirty-five children, including the scholars and their younger brothers and sisters, participated.

The musical organization traveling under the name of "The Chorus Lady" which visited Bashaw on Saturday night was greeted by a party who had prepared for them. The name for the company, considering the programme presented, is a mystery, though there was some very good singing and dancing numbers.

W. E. Holben, of Holben & Jensen, returned on Thursday last from a trip to Weaverville, during which he purchased a pure bred seven months old Duro-Jersey sow from J. W. Bailey & Son, and it is an animal which it will be hard to beat. The price paid, \$75, is amply justified by the excellence of the pig itself, but even more so when its breeding is considered. It's great grandchild, "Old Defender," was sold for \$5,000, and two others from the same litter are on the live stock demonstration train. Messrs. Holben & Jensen are to be commended for introducing such excellent breeding stock into the Bashaw district.

An unknown correspondent sends in some news items from Manfred which we cannot publish as some of them are altogether too personal, and besides the party sending same in neglected to sign his or her name. Correspondents must always sign their items, not for publication, but that we may know the author. Where correspondence, other than news items, is sent in, the name of the writer must also be printed in The Star. We will be glad to get any number of correspondents, but premiums must not be included by any of them. It's news we want.

A. L. Salmon, who enlisted with the Red C. M. B. in Medicine Hat,

arrived in Bashaw on Monday night on a visit to his brother, G. A. Salmon,

being involved home after nearly 9 months in the hospital suffer-

ing from shrapnel wounds in the left arm and leg. Mr. Salmon's in-

juries were received during the severe fighting on the Ypres salient on June 2nd., and he has some thrilling

stories to tell of that engagement. The cavalry unit with which he enlisted was later joined with the 1st C.M.B. to bring it up to infantry fighting strength, and out of 800

men only 80 were able to answer roll call after the engagement. His

brother held on the field 5 days before he could be removed for medical attention.

SYNOPSIS OF CANADIAN
NORTHWEST LAND
REGULATIONS

The whole head of a family, or any one over 18 years old, may lease a quarter-section of available land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.

Business monthly residence upon and cultivation of the land in each of three years. A homesteader may live within one mile of the homestead, or a lot of at least 80 acres, on certain conditions. A homestead is required except where residence is performed in the vicinity of a certain district's homestead in good standing may occupy a quarter-section alongside his homestead. Price \$5.00 per acre.

Business monthly residence in each of three years after earning homestead patent, also 21 acre agricultural cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a pre-emption homestead in certain districts. Price \$5.00 per acre. Settler must reside six months in each of three years, cultivate 60 acres and erect a house worth \$300.

The area of cultivation is subject to reduction in case of rough, stony or stony land. The stock may be substituted for cultivation under certain conditions.

W. W. Cory, C. M. G.,

An Explanation re Telephone

Operator at Bashaw Was Not Dismissed

To the Editor of the Star:

Regarding your editorial in the Star of July 28th, on telephone operators, I have to say that when a girl was in the telephone exchange, it was not her fault that she was not dismissed. It was the fault of the telephone company. The telephone company was not able to pay her the wages that she was entitled to. She was not dismissed because she was not able to work. She was not dismissed because she was not able to work. She was not dismissed because she was not able to work.

Ford Cars for Our Roads

When you think of buying a car, consider the roads you are going to drive over. You do not want to put an expensive car in bad roads, nor do you want to have half the price of your car in depreciation in one summer's run. He who buys anything but a Ford will experience this very thing. Use your Ford for both good and bad roads, at a very low cost of running.

movement to see that a large sum of money is appropriated to be spent by the government on the road between Bashaw and Alberta's corner. As we stated last week, it is not more right that the government should previously take over the road right through the Bashaw to Poncha. It runs through, we believe, three different local improvement districts, it is in two provincial ridings. The worst portion of it is on this road, and the parties who are most interested, by reason of the fact that they are the road, have no say in how the money is spent and do not help to pay the cost. It is to more than fair and equitable that the government should take over, not only this, but all trunk roads throughout the province. Antecedents are harder on roads than ordinary traffic, they require better road building. The government recognizes this fact, and for that reason collects an automobile tax. When the justice of the government hanging onto this money, and then expending the local improvement districts to keep up the roads, seems to us, we do not know.

CASH Means Everything

At the present time, when credits generally are short and there are liberal discounts for cash, the merchant could afford to sell cheaper if he received cash for what he disposed of. We are not cutting out local credits, but are making it worth while for those who can and will pay cash to buy here. This includes not only lines previously advertised, but everything in stock.

Graniteware Lines Still Complete
We still have a large assortment of the old English-style graniteware, and previously advertised pieces still hold good. Look them over.

Gasoline Lamps and Lanterns
The long winter evenings will soon be here. We do not want your evening hours to be dark and dreary, so we have a large stock of gasoline lamps and lanterns. Look them over.

Now is the Best Time to Paint
The flies and mosquitoes are gone, and besides you can save money by having paint now. Our stock of paint is complete—Harn paint, house paint and single paint. Come in and see our paint place.

Election in Camrose Riding

This briefly did the daily papers on Saturday convey the news that Hon. Geo. P. Smith was not to be elected moderator as a cabinet member and representative of this constituency in the provincial house. Mr. Smith, while the accredited Liberal candidate for Victoria, had been elected to the cabinet.

. Announcement.

I wish to take this opportunity to announce that I have purchased the general stock of Dry Goods, Men's Furnishings, Boots and Shoes, from Messrs. Paul, Dahl & Webb, and have opened up for business in the north half of the building formerly occupied by them. I will carry, as much as possible, at all times, a complete line of Dry Goods, Men's Furnishings, Boots and Shoes.

I am expecting consignments of Dry Goods, etc., at an early date to replenish my stock. In fact the entire spring order consisting of rubbers, rubber boots, outing shoes, etc., are now in stock, and consignments of ladies' cheap shoes and men's hats and caps are en route. These hats are the celebrated straw hats, known all over the western continent for their good quality.

As formerly announced I have made arrangements with Mr. M. N. Foad, who is conducting a grocery business in the north half of the same building, to handle all produce offered for sale, as butter and eggs will be accepted as cash at market prices.

In conclusion permit me to extend to each and all of my friends and customers my appreciation for the loyal support extended to Messrs. Paul, Dahl & Webb in the past, and trust that I may look forward to your support in the future in my new venture, a support it will be my endeavor to deserve.

ALL BETWEEN 16 AND 20 MUST WORK.

An order cannot be issued unless the person has been advised by the government. It provides that every male person shall be regularly engaged in some useful occupation, with the exception of persons under 16 years of age and over 60, or physically unfit, or a student or temporarily unemployed. Violation of the provisions renders liable to a penalty not exceeding one hundred dollars or in default of compelling with hard labor not exceeding six months.

In view of the present national crisis when the whole manpower of the nation is needed for fighting purposes at the front or for greater production in Canada, it is felt by the cabinet that it is essential to call.

Since the beginning of the war the total number of Canadians who have been recruited for military and naval service is 387,138, or one in every fifteen of the population—Labor Note.

NOTICE I TAX ENFORCEMENT

VILLAGE OF BASHAW

In the matter of the Court of Confession of the Tax Enforcement Return of the Village of Bashaw.

TAKING NOTICE that His Honor Judge W. A. D. Luss, Judge of the District Court of Canada, will at the sittings of the Court at Cassio on Tuesday, the 28th day of April, A. D. 1918, confirm the Tax Enforcement Return of the Village of Bashaw.

And further take notice that anyone concerned in the return will make their appeal before the Judge on the place and date first above written.

Filed at Bashaw the 26th day of February, 1918.

ARTHUR J. FRANK, Notary.

WHY YOU SHOULD OWN A Chevrolet Car--\$900

Our 480 Model ranks among the highest class cars in hill climbing which means a saving in gasoline, a big item these days. The machine is easy to start and gets away in a hurry.

The Lighting Plant and Starter are identical the same as that used in some \$1500 cars and is guaranteed to give extra or equal satisfaction.

Another feature of the Chevrolet is the Service according to Customers. We carry a complete line of Repair Parts and the FREE SERVICES OF A SPECIAL MAN IS ALWAYS TO HAND FOR THE ASKING. This is a feature that has made the Chevrolet popular throughout the country.

All we ask is an opportunity to demonstrate the general construction and real qualities of the Chevrolet and we find here that after such a demonstration you will agree with us that its equal is not to be found at the price of \$900.00.

A FOOTWEAR OFFERING Of Compelling Interest

Intense concentration and effort on the part of the organization of the Williams Shoe Ltd., Brampton, Ont., have obtained the result earnestly sought. Today it is being demonstrated to the trade the BEAUTY or QUALITY which it is and has put the Williams Shoe in the front. Here is a recent quotation that should be kept in mind:

"Lincoln held the public in high esteem. Barnum held it in contempt. The one built a nation to last through the ages; the other a fleeting show of a day."

The same distinctively opposite view as held by experts in placing goods upon the market. The shrewd chooses to exploit the public with wares that have only the "GEMMA" or "MARRY" effect, makes to choose the permanent foundation of ACTUAL QUALITY.

Were we prepared to set our sentiment aside—but we are not—we should still believe it the most far-sighted policy, from a purely economic standpoint, to give the public the best that we are capable of. All the while maintaining the confidence that comes in response to our greatest practical asset.

That is truly the policy behind the Williams Shoe which has made it the BEAUTY or QUALITY and won for it the title, "CANADA'S STANDARD STAPLE SHOE." Prices on this standard footwear range from \$4.75 to \$6.50 per pair. We guarantee our prices to be consistent with market conditions and invite comparisons to prove it.

We are also handling the country for both Canadian Country, living on your Oases, Highest Prices paid and weights guaranteed.

WHY YOU SHOULD OWN A Chevrolet Car--\$900

Our 480 Model ranks among the highest class cars in hill climbing which means a saving in gasoline, a big item these days. The machine is easy to start and gets away in a hurry.

The Lighting Plant and Starter are identical to the same as that used in some \$1,500 cars and is guaranteed to give entire or equal satisfaction.

Another Feature of the Chevrolet is the Service according to Customers. We can give you a complete line of Repair Parts and the FREE SERVICES OF A SPECIAL MAN IS ALWAYS TO HAND FOR THE ASSISTANCE. This is a feature that has made the Chevrolet popular throughout the country.

All we ask is an opportunity to demonstrate the general construction and road qualities of the Chevrolet and we feel sure that after such a demonstration you will agree with what we say that its equal is not to be obtained at the price of \$900.00.

Says Famine Faces Enemy Countries
 Food Situation in Germany Empire is Desperate

Washington, May 21.—The food situation in Germany, officials here believe, is the most critical it has been at any time. Information reaching Washington from many sources indicate that even with the reduced rations planned for June, the country will not have enough food to carry the population through the next harvest and that further reductions will have to be made.

The reduced ration was to have been put into operation March 1. The ration was postponed in the hope that grain would be forthcoming in quantities from the East. When this hope materialized, the government was forced to postpone the rationing.

Raided Mark Week On Western Front

BASHAW, ALBERTA, THURSDAY, MAY 23rd, 1918

After June 1 MUST CARRY CERTIFICATES
 Allied Improved Positions at Many Points

The past week has been marked by numerous raids of the Allies along the line at which positions have been improved and much damage done to enemy trenches and the capture of prisoners.

The most brilliant of these raids took place on Monday when the Australians captured the village of Villers and took 200 prisoners. On Tuesday the French advanced their lines on a two mile front and captured 100 prisoners.

The advance improved the Allied position on the western front. The British and French have been repulsed, leading heavily on Wednesday, while the Germans and Italians have been repulsed.

Recipes for Jams

Prepared under Canada Food Board

Canadian housewives should mark all the jam they can this year but they should do so with the assurance of sugar to order that the maximum may be made of our first crop this year in all parts of Canada.

Housewives are asked to use no larger proportion of sugar than is needed for preserving and jam-making. The recipes have been prepared by experts, having in mind the use of those proportions of sugar which will have the best results. No more sugar is required than the amounts stated in the recipes given below.

Strawberry Jam.

A. The strawberries—6 lb. sugar.

Mix the strawberries and sugar in a kettle and let them stand overnight. In the morning on the kettle over the fire on an asbestos mat and bring the contents slowly to a boil. Do not stir the fruit any more than is absolutely necessary. Boil gently without stirring until it is sufficiently thick and then put it away in sterile jar.

Current Jelly.

4 lb. current jelly—2 lb. sugar.

Boil the current jelly 10 minutes, or until the quantity is reduced. Heat the sugar in the oven, and add when very hot to the liquid, so that the temperature will not be greatly reduced. When all is combined, bring to a boil again, and continue three to five minutes. Test and when done remove and put away in sterilized jars. When cold seal with melted paraffin.

Raspberry Jam.

8 lb. raspberries—2 lb. sugar.

Pick over the raspberries and put the sugar on. Let the fruit remain this way over night. In the morning, set the kettle over the fire and bring the contents to a boil slowly, stirring until all the sugar is dissolved. Then cook without stirring until the quantity is reduced and until, when set on a cold plate, the jam is found to be sufficiently thick.

Raspberry Jam with Current Jelly.

2 lb. of fruit—1 lb. of sugar.

Follow the same directions as for Raspberry Jam, but, because of the current that is added, it will require a little longer cooking, so some of the water will have to be evaporated.

To Seal Jars! Get your sawnwood metal printed at The Star office. We can do them right and cheap.

MOTOR ACCIDENT ENDS SERIOUSLY

Mrs. Hare, of Tooe, Succumbs To Injuries Received

One of the saddest auto accidents in local history, which was attended with fatal results, occurred two miles west of town on Thursday night of last week when a Hudson super eight driven by Arthur Hare and containing his father, A. C. Hare, of Teesdale, Mrs. Hare, three younger brothers and Mrs. Ferguson, in turning out for rest, the car skidded and turned turtle over a 12 foot embankment. Mrs. Hare was thrown clear of the machine, but was fatally injured receiving a fractured skull and internal injuries from which she passed away on Friday night. Mrs. Ferguson was pinned under the car.

PATTERNS

We have the agency for the Ladies Home Patterns and carry in stock an assorted range of them. These patterns are so constructed that you will not have any difficulty in cutting out the material. If for any reason you should have any such difficulty and it is the fault of the pattern, it will be appreciated if you will submit it to our ladies and we will give you immediate attention. We receive every month a consignment of Fashion Sheets which we distribute free of charge. These sheets give you the latest styles, etc. A complete catalogue illustrating the Ladies Home Patterns is always on hand from which you can choose your pattern, and if the desired pattern is not in stock, we will be pleased to get it for you which will take about two weeks. Prices of the Ladies Home Patterns are 15c and 20c each, which is a standard price all over the Dominion of Canada.

HARVESTING UNDER TODAY'S BASHAW MARKET PRICES

Prospects Good—Wheat Run 25 to 30 Bushels

Harvesting operations will be well under way at several points in this district in the course of the next week to ten days. Already the combine is at work at North in the fields on a very firm, smooth and out of hand run. Buffalo Lake.

The outlook for these things is bright. The combine is at work on the 15-acre field of wheat on Saturday last. This field is a beautiful sample of grain, good height and will yield and is estimated to run from 25 to 30 bushels to the acre.

Others who have commenced harvesting in the new district are H. H. Hapworth, who has been cutting barley and Wm. Schulte, who is also busy in his field with the combine. With the present weather it is expected that the cutting will be general all through the district within a week.

The district in the west and north will be all of ten days to two weeks before they get into the fields for harvest as the late crops are generally two to three weeks ahead of any other part of the district.

The weather is laying in the way of the farmers and they are busy putting up the wheat, corn, which takes a while in rather light, but will satisfy satisfactory considering the great shortage of other districts are facing at present.

ASK POLICE STOP AUTO SPEEDING

Overlook Five Approaches—Accounts

The most important matter before the regular meeting of the Village Council on Monday night was the decision to stop the speed of the cars on the village roads.

Despite the warning labels placed on the various entrances to the village, the council decided to limit the speed of the cars on the village roads.

The secretary was instructed to write the Provincial police at Calgary requesting that immediate action be taken.

Other important matters were the working of the new apparatus and the secretary was instructed to communicate with the Village Council on Monday night.

The matter of pool room license was taken up and the present provisions are being considered to limit the number of pool rooms to comply with the law.

The secretary was also instructed to interview the new apparatus proprietors and permit of their business.

NEW FALL SHOES

"JUST RIGHT" and "WILLIAMS"

OUR New Fall Stock of "Just Right" and "Williams" shoes, in men's and women's sizes, is now in stock and ready to be worn. The quality of the leather is of the best, and the shoes are made by expert workmen, thereby giving you service and a happy appearance.

We absolutely stand back of these shoes to give satisfactory wear. They are given ordinary wear and are not worn out by being left to dry too near a hot stove after being soaked by water, or any other chemicals that destroy leather. We recommend the use of Vaseline and other preservatives to keep your shoes in good condition.

THRESHING NOW
WELL UNDER WAY

Cutting About Finished—New Grain Coming In

Harvesting the new crop is well on towards completion in this district and many farmers have already threshed, while the coming week will see much of the grain now in stock being hauled to elevators.

A good deal of grain has already been marketed and the coming week will see much of the grain now in stock being hauled to elevators.

According to the reports of the elevators, all grain is being graded No. 1 northern and while the crop was expected to be heavy, it is well known that the yield of this year is not as high as last year.

Yield of from 20 to 30 bushels have been quite common in many places, and as the grain is well known that the yield of this year is not as high as last year.

Kitchener was right

when he said—

"Either the Canadian population must go short of many things to which it is accustomed in times of peace or our armies must go short of munitions and other things indispensable to them."

NOW, the only way we can possibly live up to that obligation is by going without in order that our soldiers may have. For the money we waste in not money at all—it is equipment, clothing, shot and shell that are urgently needed in France. By denying ourselves, therefore, we enable Canada to procure to the fullest extent the materials and labor which she and our Allies need for the successful prosecution of the war.

What happens when we fail to save?

A pull on labor by the Government in one direction and a pull on labor by the people in the opposite

For the sake of your country and the boys "over there," spend cautiously. Think of what Lord Kitchener has said, and ask yourself first, "Is this something I really need or can I do without it?"

Honourable J. F. Bennett, Minister of Finance

THE SOLDIER'S LAND SETTLEMENT SCHEME

The setting aside of large tracts of land in the northern and western provinces for the soldier's settlement scheme, is not meeting with the hearty endorsement of the soldiers who have made investigations and are little wonder when one knows that a great deal of land is at present unsuitable for settlement. A great deal of it is heavily timbered and much of it is swampy or waterlogged and while it will probably be cultivated some day, it will take a large sum of money and a great deal of hard work to put the land in any kind of shape to produce.

Up to the present, the most money comes from Major Ashton, who has made an extensive survey of the land mentioned, and he proposes the acquiring of the millions of acres of land lying in settled portions of the new land by the Government. These lands are close to railways and towns through the province and would eliminate the long wait for settlers that has been a great drawback to settlement. He also mentions that some of the land would be in a position to return some of the first season's work, while the country and particularly the districts in which these lands are situated would be better by their cultivation.

The United States has one of the best land settlement schemes in the world. It is a very successful one and makes interesting reading for the soldier.

The man put the brush on the far as well as having operations and while it is regrettable that it was found necessary to postpone the event, nevertheless we needed the soldier.

THE PHILOSOPHY OF THE VICTORY LOAN

Cost of the War, Problems of Production, Needs of Our
Army, Demands of Our Allies, All Must Be Met
Through the National Thrift, Economy and Self-
Denial—The Super-Gun That Never
Sleeps

By JOHN L. HAY

The Victory Loan is a philosophy of life. It is a philosophy of the future. It is a philosophy of the present. It is a philosophy of the past. It is a philosophy of the world. It is a philosophy of the human race. It is a philosophy of the universe. It is a philosophy of the God who created us.

DISCHARGE TROOPS AT THREE CENTRES

Calgary, Edmonton, Medicine Hat Points Chosen

When the soldiers were taken from overseas, the Alberta men will be discharged from three dispersal centres, Edmonton, Calgary and Medicine Hat. Troops of 400 men for these points will be made available at the point of discharge and will be distributed to final destinations in Alberta after meeting the three demobilization stations.

This plan was formulated at the request of the War Department and is a general release that has been laid before the Canadian parliament by the department of demobilization.

It is expected that the soldiers will be discharged in the order of their arrival, but that the order will be subject to change.

It is particularly certain that the men will not be brought back in battalions. The more probable plan is that they will be brought back in small groups.

During the last week of the war, the order has been issued that the men will be discharged in the order of their arrival, but that the order will be subject to change.

**RAISE \$5,000,000
BY WAR STAMPS**
Minister of Finance Outlines
New Plan for Saving
Ottawa, Dec. 9.—Mr. Thomas
Meighen, minister of finance, today
outlined the following statement:
"The war savings stamp campaign
has three very important objects
in view to raise money to assist
in meeting the continuing heavy
obligations of the war during the
period of demobilization, to stimulate
individual habits of thrift and
benefit a large body of small investors."
"With some years of prosperity
Canada has become largely a nation
of spenders, and had but a glint of
the old-fashioned desire of saving.
In order to reduce the debt of nearly
two billion dollars which we
shall have at the end of demobilization,
we shall have to greatly increase
both our national production and
our national savings."
"Another object of war saving
stamps is to benefit the person who
saves. The purchaser pays four cents
now, and he gets five cents later
in four years. It is very simple and
a very good investment."
"The government hopes to raise
at least \$5,000,000 during 1919
from the sale of war savings stamps.
This is only six dollars per head of
population."
"Under the method of our war
financing the proceeds of the stamps
will be expended entirely in Canada."
The idea of W. A. Campbell, who
has been instructed by the Dominion
government to prepare a policy of
after war highway construction,
to build a road to coast highway
to, to enterprise were carried out
by Canada and still greater if the
provincial governments will only
assist by building roads to this
great highway.

Great War Veterans' Memorial Hall Fund

A Tribute to the Fallen and a Thank-offering to the Living
The Memorial is to be erected in honor of the Northern Alberta Veterans in that Canadian Army which has fought valiantly from the famous battle of Ypres to the capture of Mons, and which the Arctic Circle says: "In the last two years has never lost a gun, has never failed to take an objective, and has never been driven from an inch of ground since consolidated."

After three months wear
That's when you can judge clothes; often within a month.

You have met the "flash" friend - all smiles and alluring in outward form - who turns out to be a hollow sham on close acquaintance. So it is with other things. After three months' wear, after years of acquaintance with Semi-Ready Tailoring, you will like it better and better. It's the inside as well as the outside you must judge by, and now that cloth and clothes cost more money, it pays to be particular.

WAR SAVINGS STAMPS ARE GOOD INVESTMENT

War Savings Stamps afford a splendid opportunity for investment. They yield a high rate of interest and are guaranteed by the Government. In fact, they are a sure thing. In fact, they are a sure thing. In fact, they are a sure thing.

Those who have not \$4.00 to pay down for a War Savings Stamp may buy 100 stamps at 25 cents each and then begin saving for War Savings Stamps. When 100 stamps have been purchased they may be exchanged for a War Savings Stamp. Then holders should wait in again to buy 100 stamps and then once more begin saving for another War Savings Stamp.

These stamps may now be purchased at any bank, post office and the principal railway ticket offices. A good way of getting them is to take them in change for a small purchase. Holders may cash them up to their value in any bank, post office and the principal railway ticket offices. A good way of getting them is to take them in change for a small purchase.

A SURE CURE FOR PNEUMONIA CASES

A remedy for pneumonia has been sent out from the office of

superintendent of the United States

at Washington, which is sent gen-

erally by the government to the

absolute cure. The formula has been

sent to all hospitals, military camps

and to all government offices.

What is the government doing?

Put some a half of cotton wool in

each nostril, and then put a

small piece of cotton wool in

each nostril. Place it in

between the patient's teeth. Let

the patient inhale the fumes for 15

minutes, and then out for 15

minutes, longer if desired. This

inhalation should be continued

as directed 15 times, and the

result will be that the lungs will

be cleared of the infection. In

24 hours the patient can be

discharged. The cotton wool

should be changed later in the

R. B. Brown, Publisher

Hon. T. W. Medley, Provincial Treasurer for the province of Ontario is a firm believer in the gospel of thrift and a strong supporter of the War Saving Stamp Campaign. In a recent statement he says:

"Years of progress and prosperity have tended quite naturally to make Canadians forgetful of the necessity of thrift. While the war is on, it is understood in the British Empire, the small daily personal economies which enable a man not only to live within his income, what ever it may be, but to save something over year, and which in the aggregate make a nation rich. France (prior to the war) is a striking example of a nation made rich by individual thrift."

"Today Canada is facing a big war debt incurred in defending our country from outside attack. We have a lot to do to pay it. We have another, and what is even more important, we have a lot to do to pay it by saving money and lending it at good interest to the Government in the form of War Saving Stamps. Thrift is a patriotic common-sense. Thrift

investments in government securities have been the foundation of many a fortune, and the War Saving Stamp campaign ought to give us an enormous harvest of small change from Canadians, old and young, rich and poor alike."

Mr. Herbert Hoover, Chief of the United States Food Administration, who is at present in Europe investigating conditions at first hand, cables as follows:

"Every pound of pork products we can export before next July Europe will need, and as soon as the initial stages of the modern economic change from war to domestic use is over, there will be over-demand."

Authorities say that this demand in the case of beef, even more than that of pork, will be enormous for many years owing to the fact that Europe is estimated to be short over 155,000,000 pounds of live stock, of which 25,000,000 represent cattle, together with at least three five years.

Double Murder at Consort

Consort, Alta., May 5.—Sunday morning, May 4th, A. C. Hennings, aged 60, living nine miles north-

of Consort, shot his wife in a house. He then went out in the field a quarter of a mile and shot his son, Floyd, aged 24. He then walked back past the barn where a young

shooting his mother and brother. He then went down to the shore, wrote a letter and shot himself. I used a 25-35 Winchester with one bullet.

The cause of the tragedy is reported as follows: In order to prevent

his son being conscripted the father decided his farm and property would go to him and went to Oregon, leaving the son the sole support of his mother. Since the end of the war

he returned and demanded the
turn of the farm, the same being
found. He took up residence in
small shack by himself, where
brooded over the trouble. The

has two married daughters living and one son in the army.

1. The first group of people who are likely to be affected by the proposed changes are those who are currently employed in the public sector. This group includes government employees, public sector workers, and those who are employed by government-owned enterprises. The proposed changes are likely to have a significant impact on this group, as they will be required to adapt to new organizational structures and processes. The impact on this group will be both positive and negative. On the one hand, the proposed changes may lead to increased efficiency and productivity, which could result in higher wages and benefits for public sector employees. On the other hand, the proposed changes may also lead to job losses and reduced job security for some public sector workers. The impact on this group will depend on the specific details of the proposed changes and the ability of the public sector to adapt to the changes.

The Famous Van Slyke Plow

Horse or Engine, Cuts 18 to 24 inch

A few of the many features of the Van Slyke Plow:
It cuts the furrow below a 16-inch to 18-inch in the bottom of the share and moldboard, making a third row to draw than any other Plow on the market; but in its own proportion of turning the soil and saving 10 to 15 extra long length of its own land into the furrow in the extremely fine in an unbroken band of mold (14 sq) completely broken.

The Van Slyke is constructed using the width of its front carriage that it will equally the same work no matter whether it be a horse or engine.

The Van Slyke Plow is made to cut 18, 20 and 24 inch Furrows.

It Took Years To Learn

There is Positive Cure for Piles or Hemorrhoids.

Reports come in from almost daily from persons who have suffered 10, 20, 30 years with this pain of the rectum before finding out that there is a positive cure for hemorrhoids. The cure is simple and effective for all cases, and does not require surgery.

It is a simple remedy which you can use at home if you wish. It is a simple remedy which you can use at home if you wish. It is a simple remedy which you can use at home if you wish.

Many continue to suffer from piles in the belief that a surgical operation is the only cure. Fortunately, Dr. Thomas' Ointment is available, and has cured many thousands from the pain and expense of the doctor's knife. Treaty With Poland

Conventions Promised
Paris.—The treaty which the co-belligerent powers and the United States signed with Poland has been made public.

Under this instrument, Poland agrees to protect the minorities against discrimination, assumes payment of such share of the Russian debt as shall be assigned to her by the inter-allied commission, and agrees to support important international postal, railway, telegraphic and telephonic conventions, and other treaties and conventions to which the king is bound to the extent of his power.

TO START WORK ON NEW BANK BUILDING

Plans Merchants Bank Have Been Approved

Approval of plans for the erection of the new Merchants Bank building to cost in the neighborhood of \$250,000 has been received by Mr. Vinton, manager of the local bank which states its work will commence within a short time, possibly in the next few weeks.

The announcement that the bank which opened its branch here in December, 1914, is erecting a new building was made in March last and at that time it was felt that owing to the crowded conditions under which they were forced to continue business, the work of raising the new building would not be delayed, however, the bank had until now been unable to construct and delays in the matter of securing material and labor have set back the work progress with the result that the new building here is now just about to be put under construction.

The new building will occupy the corner site opposite the Union Bank and will cover an area of about two and a half acres. It will be a two-story building, entirely by the bank while the building will be fitted up with every modern convenience, including electric lights and water.

The contract for the building was given to the Messrs. Bank and will cover an area of about two and a half acres. It will be a two-story building, entirely by the bank while the building will be fitted up with every modern convenience, including electric lights and water.

Irrigation is Unprofitable
Rational Farming and Irrigation

Modern Knowledge Teaches That There Is No Essential Difference between Rainfall Farming and Irrigation Farming, except in the manner in which the water is applied. Says Wadsworth, in "Principles of Irrigation Practice," "Every argument for the superiority of rainfall farming may be urged against rainfall farming; and every argument for the superiority of irrigation farming may be urged against irrigation farming. The only difference that can be used with equal force on behalf of irrigation farming is the greater certainty of water supply. The vegetables, fruits and plants are the same over all the earth. Under irrigation the

and thereby greater power for good or for evil is possessed by the farmer himself.

In Alberta both rainfall farming and irrigation farming are successfully practiced. The central and northern portions of the province are usually bare sufficient months every year to produce good crops; in parts of the south the rainfall cannot be relied upon to grow satisfactory crops, but where the natural rainfall may be supplemented by irrigation, the crops can be and are better watered every year, for the conditions are

lock of the older portion moderated as much as possible. Other improvements and extensions will be added from time to time as it is the intention that the stockyards shall be made thoroughly abreast of the times, and the live stock business is constantly increasing.

The colonel beckoned to his orderly, "Smith, I wish you'd ride into the arena and get the correct time."

Bashaw's Effects

One of the interesting features in the work of the Alberta Bataillon has been the demand of donated soldiers' effects. The Alberta Bataillon has in their ranks a number of men from the British Isles. A great number of these men were married, and many of them have families in the British Isles. The only way of the men was to the front; and, not only that, but they were to be in the front. CANADIAN ARMY SHOES

Of Best Quality Leather and Workmanship, Government Inspected

Priced Only \$7.00 Per Pair

We have on hand a fine stock of the regulation Canadian Army Boot made from the best grade of leather obtainable.

These boots were secured through the fact that the manufacturers who held contracts for the supply of boots to the troops had their contracts cancelled with the sudden cessation of hostilities.

In view of these cancellations, the government allowed the manufacturers the sum of One Dollar on every pair of boots then under manufacture with the result that the boot manufacturer was thus enabled to sell his stock at a reasonable price, which accounts for the moderate price of \$7.00 per pair with which we are offering this line of footwear.

The boots then in course manufacture were changed slightly in the matter of the sole which in the case of the boots worn by the soldiers was much heavier than those we are showing, but in every other respect the boot is identical with that worn by the troops even to the government stamp of inspection.

These boots are made with heavy single sole of oak-bark-tanned leather in place of two ply sole thus making them much lighter, while not in the least taking away anything in wearing quality, as the shoe will stand up under the hardest kind of wear while giving satisfaction and comfort to the wearer. The tops are of oak tan leather, soft and pliable.

Backache Quickly Relieved Permanently Cured

How giving attention to the development of the spine, and some of the latest methods of chiropractic treatment, can be of great help in the relief of backache, is shown by the following case:

Mr. J. H. Smith, of the city of London, England, writes: "I have suffered from backache for many years, and have tried every remedy known to me, but have not been able to get any relief. I have been advised to go to the doctor, but he has told me that I must have an operation, and I have refused to do so. I have now found a way to get my back cured, and I am now able to do my work as usual. I am very grateful to the doctor who has cured me, and I am sure that he will cure many others who are suffering from backache."

Flying Boat Wrecked

Wien Operator Was Killed, But Passengers Were Rescued

London.—The flying boat, Empire, which was due to start for Cape Town, South Africa, on an eighteenth mile flight, crashed off Inverness during the night. The aircraft operator, John MacLeod, was killed. The six passengers were rescued.

The flying boat, one of the largest in the world, was ship-shaped and fell into the sea 100 miles of shore. The plane crashed under the influence of the water and was completely wrecked. MacLeod was dead, but the other five passengers were rescued.

We Get The Trade Because
We Saw The Demand Coming

SPORTSMEN are critical buyers. When they go into a store for a Rifle or shotgun, or for ammunition, they want to be sure of finding something responsive to their needs.

Right then you have the means you most appreciate every year are coming from the House of Commons and the House of Lords.

Now when we begin to bargain we have long selling Remington-UMC Rifles and shotguns, our assortment of Remington-UMC Shotguns and shotguns, our list for the trade of sportsmen in this community.

We are glad to say that we are getting that steady trade of most sportsmen every year.

Come, see for yourself how well we are prepared to serve you.

FRED CHRISTENSEN, AGENT

A Short History of the Society

(Continued from Page One)

over \$2,000 was voluntarily contributed. With this money the society purchased 20 acres of land adjacent to the town and before long the number have had the same ground and fence, while plans for a half-mile track have been laid out, and though the track will not be in readiness for this year's fair it will be for the next, and the society is now in possession of the one of the best half-mile tracks in the province.

Out of the land, no less than 100 acres, society have set themselves to the task of creating one of the finest pleasure grounds possible in any town in Central Alberta, and have already laid off, ploughed and sowed a beautiful district second to none in any man's town, the area of the playing field being as level as a billiard table, while the grounds and setting are to be placed about the field for the benefit of both spectators and players. On top of this, a basketball grounds has also been cleared and tennis courts will be laid out in the center of the track, and it will be seen to grass, and while there is but one building for the present time, which will be used for the display of field crops, trees and vegetables, plans are already under way for the erection of another building for the display of ladies' and school children's work. This latter is becoming one of the big features of the fair and promises to develop to large proportions. On top of this is the grand stand, which, owing to the shortness of time, had to be left over until another year, but will be replaced by substantial buildings for another year.

Altogether the coming fair this year will be far and above any other ever attempted before, in the terms that it brings together the community as a whole square and for the service of the town, while at the same time it has given confidence to the future of the town and the future of its future plans. The prize list which has been

issued shows a list of over \$10,000, which along with the sports program in conjunction with the event, brings the total to well over \$20,000 to be distributed in prize. Many new features and classes have been added to this year's list, and the impression of a more important and a more future much appreciated by exhibitors.

The opening date, Friday, Sept. 12th, will be given over principally to the basketball tournament, wherein the fair is now proposed to have eight teams, but owing to the lateness of the season it will be difficult to get all the teams in, and some players will be engaged in harvest. However, four teams are assured, and this will make three games for the purpose of \$100, winter take all in the evening a dance is being planned at which the Aile band will furnish music.

It had been planned to have the official opening take place on Friday afternoon when it was proposed, however, the P. Smith and Ben Duncan, who were to be present, had to open the new grounds, but owing to the fact that both ministers will inevitably have to be present in Edmonton to welcome the Prince of Wales, these plans have had to be called off.

On Saturday, Sept. 13th, judging will commence sharp at nine o'clock, and as all stock and agricultural exhibits must be on the grounds by 10 o'clock Friday, there will be an interruption in the judging, and it will be finished in plenty of time before the afternoon crowd arrives. The afternoon will be devoted to basketball, for which a purse of \$20 is offered. Horse races, in which a total purse of \$120 is being put up, and field events will follow. The Aile band will furnish music on the grounds.

The new Victory Loan will be launched about the middle of October.

We Get The Trade Because We Saw The Demand Coming

SPORTSMEN are critical buyers. When they go into a store for a Rifle or Shotgun, or for ammunition, they want to be sure of getting the best. They want to be sure of getting the best. They want to be sure of getting the best.

Right then they have the reason why they expect every year to see us for their Rifles, Shotguns and Ammunition.

Ever since we began in business we have been selling Remington-UMC.

Making our display of Remington-UMC Rifles and Shotguns, our assortment of Remington-UMC Shot Shells and Metallics are laid for the trade of Sportsmen in this community.

We can say to you that we are getting that steady trade of more sportsmen every year.

Come on for yourself how well we are prepared to serve you.

Preserving Fruits

In canned goods there are two kinds of spoilage. The first is called "rot" which includes all forms of bacterial growth that develop within the food. The second type of spoilage is gradual and is called "decay" which is due to the slow growth of bacteria.

It is distinctly different from the bacterial growth. Bacterial growth is a slow process which is not dangerous because it is necessary for its growth but the "rot" spoils the food.

The "rot" spoils the food because the entire mass must be discarded. Bacteria No. 95 of them, which is called "Bacteria of Spoilage" for home use which may be used on application to the Publications Branch, Department of Agriculture, Ottawa give full information on the various methods of canning in relation to the various types of food.

Most popular means of preserving large quantities of fruit and vegetables is by canning. It is important during the summer months and at other times difficult to obtain it is important to preserve quantities in water. Moreover the use of an abundant supply of fruit and green vegetables is essential to the health of all members of the family.

Proportional Representation

The vote in the 1921 Canadian election was a very close one, and the people of the Dominion are now faced with the necessity of voting in the election in 1925. In this election, the Government has asked upon each elector a vote for a member of the House of Commons, and the elector has to choose between two candidates, one of whom is a member of the Government and the other is an independent.

The principle of proportional representation has been suggested in Canada, and it is a very simple one. It is a system of voting in which the elector votes for a party, and the party which receives the most votes in a constituency is entitled to send a member of the House of Commons to represent it.

Under this system, the elector votes for a party, and the party which receives the most votes in a constituency is entitled to send a member of the House of Commons to represent it.

Canadian Wheat

For Europe

A dispatch from London, England, says that the Canadian Wheat Board has secured the order of the British Government for 200,000 tons of Canadian wheat for the year 1925-26. The contract has been secured on a basis equal to the price of the wheat in the United States.

The Great Government has asked for 120,000 tons for delivery in September, and the remainder in October and November. Under this agreement, the Canadian Wheat Board will be responsible for the delivery of the wheat to the British Government.

The Canadian Wheat Board will be responsible for the delivery of the wheat to the British Government. The Board will also be responsible for the delivery of the wheat to the United States Government.

MRS. ROOTSPEAKS TO LOCAL U.F.W.

Many New Members Being Added to Society

Report of U. F. W. meeting of Nov. 18th held in Masonic hall. At this meeting Mrs. George F. Root, of Westcliffe, delivered an address in the interests of the U. F. W. and the U. F. W. work, which covered as far as her health permitted the fields of activity of two organizations.

In the first place Mrs. Root explained the meaning of the word co-operation as it applies to different industrial workers and professional men in every field of labor. How it is made use of to protect the individual worker and his value as an economic factor in the distribution of labor and laborers. How it is used to promote social welfare for the good of all.

She was very clear in her many plain phrases that are so operating and the benefits of co-operation. She said that we were not getting the full benefit and never would until we were organized.

For his own self preservation the farmer must organize or he would find himself a prey to the rest of the capitalist industrial world.

For his own self preservation the worker must organize or he would find himself a prey to the rest of the capitalist industrial world.

TOTAL \$7,000 FOR LOAN

Returns up to noon yesterday showed a total of seven thousand dollars in the Victory Loan Campaign—\$1,249 for the past week, with every likely head of this figure being pushed over the \$8,000 mark before close, as several subscriptions are expected in today.

With but eight more days to go and but few thousand more to raise, it is more than likely that the allotted sum of \$12,000 will be more than subscribed in the Bashaw district and a more energetic campaign will be pushed during the final week than has been attempted as yet.

KEEP BASHAW HUMMING

Canada is receiving a great National Share Great Britain and other lands come here to buy our surplus agricultural and industrial products. These are the orders that are keeping Canadians busy and prosperous. That is where the money comes from, in paying our farmers for their surplus products and providing full pay envelopes to our workers. But Great Britain and our allies are temporarily short of "cash." So Canada must extend them "credit"—just as many storekeepers extend credit to any customer whose financial standing is good. The success of the Victory Loans 1917 and 1918 made possible the giving of the credit.

A continuation of these credits and the maintenance of our valuable overseas markets—depend upon the success of the Victory Loan 1919. You will therefore please pay your Victory Loan 1919 in the power of every Canadian, without exception. Do not think your individual cooperation "does not matter." It does matter. Values (transfers) to the last man support the Victory Loan, it will not be the success that our continuous generosity demands. Let Bashaw do its share to keep things humming.

RENEWED INTEREST IN LOCAL U.F.A.

Good Attendance at Meeting to Hear Gen. F. Frost.

The meeting of the local branch of the U.F.A. held in Masonic hall on Saturday afternoon was attended by a fairly good number who took part in the discussion.

A loan interest in the address of Mr. George F. Frost of Winnipeg.

The object of the meeting was to stimulate a little more interest in the local campaign and the talk given by Mr. Frost, dealing as it did with plans every day for the future, all features are interested, has the desired effect.

Co-operation and organization was the keynote of his address and he handled most of the complex questions of the day in a manner that was most convincing. Trusting an public ownership, free trade and outline of the future of the platform in which the Bashaw local pledged to support. At the close of his address an open discussion took place.

Altogether the meeting was a success and should be the nucleus of increased interest in the movement locally.

Vets Dance Jolly Affair

The Veterans' dance in the hall on Tuesday night will go down as one of the most successful, as well as the most enjoyable, of the series that has been held here for many years.

The hall was most handsomely decorated under the supervision of Don Howerling and a splendid music playing affair was held.

There were many couples present and the dancing was most enjoyable. The Veterans' dance in the hall on Tuesday night will go down as one of the most successful, as well as the most enjoyable, of the series that has been held here for many years.

Bovril keeps the Food Bills down

Make almost soups and stews from a can of Bovril. It's the favorite of Food Frakers because it's so easy to use. It's the body-building power of Bovril which lets it do twenty times the amount of work. Bovril weighs more strength than cost.

Children Must Attend School

For failing to have their children attend school regularly, three residents of the Bonnie Bay school district, Fred two, J. J. Marshall on Saturday last in the case of two were fined \$5.00 and cost and all four were ordered for a year. The charges were laid by Inspector P. H. Thompson, of Stettin.

Be Free of Poisons

Numerous complaints by the names of poisons as published in the Star, have come to hand and we might say that they are all the way from not being high enough to too high. We have tried tried a regular figure each week, but without much success and have come to the conclusion that "spuds" are worth what you can get for them.

The teachers meeting held in the Methodist church the 15th, was attended by but a few and we understand that another meeting will be called at some future date.

The installation ceremony of the new Public Library will be held on Friday next, this being due to the fact that Christmas day falls on Thursday.

Threshing is still being carried on throughout the district, and a good deal of grain is finding its way to the elevators, despite the short season.

The first hockey game of the season will be played at the rink on Saturday afternoon of this week, when Lehigh and C.W.V.A. will clash.

Geo. Nels will 110 hops last night to E. A. Hanger that averaged 260 points, and that were scored 20 months. This is a record hard to beat. The Mirror Journal.

It is expected that the peace treaty will be signed by Xmas.
